

# Member Incentive Workgroup

## QA&I Report

### April 28, 2011

#### Background:

During QA&I, the health plans discussed the possibility of increasing the amount of incentives that may be offered to members. It was decided to form a work group to write a paper to the state with a recommendation for a change to the language in the current contract. Supporting documentation for this proposal includes:

1. [OIG Special Advisory Bulletin](#): Offering Gifts and other Inducements to Beneficiaries (attached)
2. [CHCS Fact Sheet: Section 4108 of the Affordable Care Act](#): Medicaid Incentives for Prevention of Chronic Diseases (attached)

#### Expected Outcomes:

Develop a proposal for member incentives that is supported by incentives used by health plans locally and in other states that have demonstrated an impact.

#### Workgroup Plan:

Date	Item	Status
3/18/2011	Each plan will research incentive programs and studies that have been done. Provide information on the impact of the incentive program. A template has been developed for a summary for each incentive program to be included in the paper.	Completed
4/15/2011	Each plan will send the incentive information with a Member Incentive Summary sheet on top to be assembled into one document. The assembled document will be sent out for all to read prior to our next meeting that is scheduled for May 6 <sup>th</sup> .	In-Process
5/6/2011	Develop the proposal for member incentives. Include OIG Special Advisory Bulletin directions.	
5/27/2011	Review proposal paper and supporting documentation	
7/28/2011	Present proposal paper at July QA&I meeting.
