HEALTHY CHILDREN AND YOUTH SCREENING AND LEAD RISK ASSESSMENT GUIDES

Effective April 18, 2010 the Healthy Children and Youth Screening and Lead Risk Assessment Guides became available in an electronic format through MO HealthNet's Web tool, [CyberAccesssm](#). Providers are strongly encouraged to complete the Assessment Guides electronically through the CyberAccesssm tool. As the Cyber Access tool becomes more widely used for various MO HealthNet Division (MHD) programs, the EPSDT feature will enhance the overall usefulness. This will allow the completed forms to be part of the participant's MO HealthNet electronic health record (EHR). The use of the EHR to enable better continuity of care for MHD participants is a State goal. The information provided in the assessment guides will be available to other health care providers and will provide helpful information when making treatment decisions.

ENROLLMENT AS A CYBER ACCESS USER

To complete and access completed Healthy Children and Youth Screening and Lead Risk Assessment Guides, a provider must be a CyberAccesssm user. To sign up to receive training and become a CyberAccesssm user, contact the ACS-Heritage help desk toll free at 1-888-581-9797 or 573-632-9797 or send an e-mail to: CyberAccessHelpdesk@acs-inc.com. The CyberAccesssm tool allows the user to access pertinent MO HealthNet participant history pertinent to the care and treatment of the participant.

Provider Bulletins are available on the MO HealthNet Division (MHD) (Formerly the Division of Medical Services) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>.
