REHABILITATION CENTER BULLETIN

Effective for dates of service on or after July 1, 2016, the MO HealthNet Division (MHD) fee-for-service program maximum allowable rates for rehabilitation center services are increased by two percent (2%). MHD will reimburse the lesser of either the provider's usual and customary charge or the maximum allowable amount per unit of service. Rehabilitation center services include, but are not limited to, adaptive training for participants who have received a prosthetic/orthotic device and physical, occupational, and speech therapy to children under the age of 21 when medically necessary. Providers may not bill MHD at a higher rate than they charge their private pay patients.

The current online fee schedule does not yet reflect the fee increases; however, claims are currently being reimbursed at these new rates. The online fee schedule is expected to be updated by the end of August 2016. Providers will be notified when the update is completed.

Provider Bulletins are available on the MO HealthNet Division (MHD) (Formerly the Division of Medical Services) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>. Bulletins will remain on the Provider Bulletins page only until incorporated into the [provider manuals](#) as appropriate, then moved to the Archived Bulletin page.

MO HealthNet News: Providers and other interested parties are urged to go to the MHD Web site at <http://dss.mo.gov/mhd/> to subscribe to the electronic mailing list to receive automatic notifications of provider bulletins, provider manual updates, and other official MO HealthNet communications via E-mail.
