<b>SUMMARY OF AUDIT FINDINGS</b>	
<p>The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.</p> <p>Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.</p>

# INTERVIEWS

## Inmate/Resident/Detainee Interviews

### Random Inmate/Resident/Detainee Interviews

<b>53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	12
<b>54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)</b>	<input type="checkbox"/> Age <input type="checkbox"/> Race <input type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input type="checkbox"/> Length of time in the facility <input type="checkbox"/> Housing assignment <input type="checkbox"/> Gender <input checked="" type="checkbox"/> Other <input type="checkbox"/> None

<b>If "Other," describe:</b>	Interviewed all youth that were available during the on-site audit.
<b>55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</b>	I interview all youth available on the day of the audit.
<b>56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</b>	No text provided.
<b>Targeted Inmate/Resident/Detainee Interviews</b>	
<b>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	0
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<b>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b>	0

<p><b>a. <p><b>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>Prior to selecting random residents, the medical administrator, education staff, facility manager and I met in the conference room and discussed each resident. The staff were extremely aware of the population dynamics. As part of the intake process, staff contact the youth guardian and ask questions about the information found in the targeted population questionnaire.</p>

# SITE REVIEW AND DOCUMENTATION SAMPLING

## Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<b>84. Did you have access to all areas of the facility?</b>	<input checked="" type="radio"/> Yes  <input type="radio"/> No
--	--

**Was the site review an active, inquiring process that included the following:**

<b>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>88. Informal conversations with staff during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No

**89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).**

During the comprehensive tour of the facility, posted signs were also observed regarding Zero Policy for sexual abuse or sexual harassment, ways of reporting sexual abuse or sexual harassment, Children Advocacy Center telephone number and address, Child Abuse and Neglect Hotline, National Sexual Abuse Hotline and 911. There was also a flyer that included calling 911 in an emergency. Posting included PREA brochure, End the Silence, and additional PREA posters identified in the standards. There is an office that is utilized by the youth to make these phone calls. The youth's attorneys and parents can utilize this same phone in emergency or legal information. The auditor called all the above numbers from a telephone that is in office area. All telephone calls were answered. The Children Advocacy Center staff requested if the call was to report an allegation or to talk to an on duty emotional support staff. Youths were observed interacting with staff under staff's direct supervision during dinner time, leisure activities, and education activities in the classrooms. The youth were interviewed during the tour, and additionally when the youth's recreation time when the auditor went on the yard and talked informally with the youths. All youth indicated they felt safe at the facility. Youth knew the facility administrator and indicated he speaks with them on a daily basis including most weekends. Staff were engaging with the auditor. Several of the staff have been at the facility from the first implementation of PREA and provided a historical perspective of how the facility had implemented PREA into a corner stone of training and programming. The first PREA audit of the facility was in 2014. A review of logbooks and records revealed documentation of safety and PREA rounds. The Facility Administrator makes continuous rounds throughout the center. Staff announce their presence prior to entering a dormitory housing youth of the other gender. When the youth arrive staff

bring the youth folder which includes a suicide risk assessment and Victimization Screening Instrument in a sealed envelope. The screening staff and medical and mental health staff are notified prior to receiving the youths. The screening staff review the screening instrument and complete another screening during the process. Staff then discuss the film, PREA brochure and general discussion about PREA. Medical Staff conduct a nurse appraisal and ask some of the same questions found on the PVIR.

The facility is clean, in good repair, and well maintained. DYS staff, both male and female supervise in the bathroom/shower areas. The staff do not view the youth unclothed but are able to see feet and heads and are required to remain in the bathroom area providing awareness supervision. Staff and youth interviews verify this procedure. The facility does not have a surveillance system in place. DYS staff are trained to maintain awareness supervision, therefore "blind spots" should be minimal. When staff cannot see a youth they are to reposition themselves so they can have full awareness supervision.

A review of logbooks and records revealed documentation of safety and PREA rounds. The Facility Administrator makes continuous rounds throughout the center. Staff announce their presence prior to entering a dormitory housing youth of the other gender. There are posting in each living unit, day room, and food service area that includes Zero Policy for sexual abuse or sexual harassment, ways of reporting sexual abuse or sexual harassment, victim advocacy group phone number and address and Child Abuse and Neglect Hotline. During the tour of the center there were very little signages posted in the center. In the interviews it was determined that the center has been repainted and the signage had not been replaced. In interviews with youth it was determined that some of the youth that had not been at the center for the last 60 days were not aware of the Child Advocacy Center and if they were aware they were not

aware of how to contact the center. The center intermediated a corrective action plan during the on-site audit and completed the corrective action plan within 10 days. All postings were placed back on the walls, the victim advocate program was placed back in the youth/parent handbook and a group training program for all youths (13) was completed. The center has added additional information to the comprehensive education program for new or transferring youth.

The facility is located on a one quarter to one half acre lot in four buildings in a residential and business area near downtown Springfield, Missouri. The main building is a large house that consists of a main floor, an upstairs second floor, and a basement. The upstairs or second floor is used as the housing area with a double bathroom. The bathroom provides reasonable privacy for each youth. The bathroom has a door and has doors in the front of the toilet area. The shower area has curtains to provide privacy for showering and changed clothes. A dayroom or TV room is also located upstairs. On the first floor or main floor is a dining room, where youths and staff eat their meals family style. The main floor also contains the front foyer, kitchen, food pantry, closets, and staff bathroom. The basement contains the laundry area and has additional storage space. Next door to the main building is a smaller house that is used for educational services. The library is in the school building, adjacent to a large classroom. This building also contains two offices, a small testing room, a bathroom, and a kitchen where a stove has been disconnected. Behind the school is a small shed used for storage. The annex, located behind the main house, contains a large room that serves as a multi-purpose area. Located in a section is equipment that the youths can use during physical education. The outside grounds area behind the main house and the school is used for recreation and leisure activities. Prior to coming to the center, the majority of the youths are housed in a Juvenile Reception

Center where a team of practitioners determine the best placement for youths. Prior to being placed at Datema House the team discusses the youth with the Assistant Regional Director and the Facility Administrator. Upon arrival at the facility the Facility Administer completes an intake screening and part of the PREA education program. Usually on the same day or following day the facility administrator conducts an in-depth Safety-First training program with the youth.

## Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

**90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?**

- Yes  
 No

**91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).**

The auditor requested some specific and some random training files for employees. This information was furnished by DYS office of personnel as all personnel files are maintained in central office. Twelve residential records were reviewed. Included in the review was age, date of arrival, date of initial PREA orientation, date of comprehensive PREA training, initial vulnerability screening and rescreening as needed based on staff interactions, allegations of sexual harassment or sexual abuse. A review of the residential records also included resident referrals for mental health or victim advocate programs. All time requirements were met on each area. The auditor requested PREA unannounced rounds for specific weeks that are conducted by intermediate and supervisory staff. The rounds were for weekends and at night and included a general description of PREA standards. It also included a test of telephones. There was no investigative report to review. The auditor reviewed 12 resident training files. The auditor reviewed 10 staff files.

## **SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

### **Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

## Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

## Standards

### Auditor Overall Determination Definitions

- Exceeds Standard  
(Substantially exceeds requirement of standard)
- Meets Standard  
(substantial compliance; complies in all material ways with the stand for the relevant review period)
- Does Not Meet Standard  
(requires corrective actions)

### Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Definitions of prohibited behaviors of sexual abuse and sexual harassment are contained in Policy. It also includes sanctions for those found to have participated in the prohibited behaviors. The facility has additional policies which support the PREA standards. The DYS agency Policy, DYS Policy 9.18 PREA serves as the overarching PREA Policy for the contract facilities. The Missouri Division of Youth Services is committed to a zero-tolerance standard for incidents of sexual abuse and sexual harassment. The policy establishes that all facilities, staff, residents, volunteers, contractors, or visitor are committed to a zero-tolerance standard for incidents of sexual abuse and sexual harassment. Residents with disabilities are afforded the same rights and will be provided access to interpreters, presented material to effectively communicate with those residents who have intellectual disabilities, limited reading skills, blind or have low vision. Residents will have access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. Interpreters will be provided through local community resources. Residents with disabilities have equal opportunity to participate in and benefit from all aspects of Datema House’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment. In interviews with clinical staff, the center has not only embraced PREA mandates but have adapted PREA standards and culture into the program model. It is the policy of Datema House that all sexual activity between residents is prohibited and may result in sanctions for such activity. Incidents by youth in which youth may engage in sexual contact with staff such as unwanted touching, the youth may receive programmatic sanctions. Youth found to have sexually harmed others shall be offered therapy counseling or other</p>

interventions designed to address and correct the underlining reasons for their conduct. Further actions will not be taken against youth for sexual conduct with an employee or another youth unless findings indicate that the employee or youth did not consent to such contact. For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

115.311 (b): Missouri Division of Youth Services employees a PREA Coordinator that oversees the efforts to comply with the PREA standards in all Juvenile Facilities under the umbrellas of Division of youth Services. The PREA coordinator that reports to the Division Director indicated she has sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities. Compliance managers that indirectly report to the PREA coordinator. In interview with the facility administrator, it was evident that she is aware of PREA standards and self-audits the facility on a regular basis for compliance with PREA standards.

115.311 (c): The Facility Administrator serves as PREA Compliance Manager with sufficient time and authority to coordinate the facilities PREA efforts. Interviews with the staff and residents at the facility ensures that the center provides training to residents, staff, parents, volunteers, and contractors. All residents have a treatment plan developed based on mental health evaluation, screening instrument and input with parents. During this process family members are encouraged to have resident share concerns about sexual abuse or sexual harassment. Interview with resident and staff verified that all persons at the center undergo training on a monthly basis with monthly staff meeting and monthly town hall meeting with residents. The resident's interview indicated a safety plan is part of their treatment plan and on a weekly basis they meet with their assigned group leader who ask them about the feeling of safety. The treatment plan is updated once a month and includes part of the questionnaire utilized for the PREA Vulnerability Information Review (PVIR). A review of past audits, the Missouri Division of Youth Services, conversations with the victim advocate program, and in interviews with staff and residents the facility has developed a sexually safe environment for residents and staff.

Exceed compliance was determined by review of the organizational chart and interviews with the PREA coordinator, PREA compliance manager, staff and residents at the facility.

Their staffing plan’s annual reviews conducted in October 2022 were found to be in compliance with this standard. The staffing plan included: 1) Generally accepted detention and correctional/secure residential practices. (2) Any judicial findings of inadequacy. (3) Any findings of inadequacy from Federal investigative agencies. (4) Any findings of inadequacy from internal or external oversight bodies. (5) All components of the facility’s physical plant (including “blind spots” or areas where staff or youth may be isolated). (6) The composition of the youth population. (7) The number and placement of supervisory staff. (8) Institution programs occurring on a particular shift. (9) Any applicable State or local laws, regulations, or standards. (10) The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and (11) Any other relevant factors. The facility did not report deviations from the staffing plan during the past 12 months. According to the PAQ the staffing plan is based on 24 youth. Based on conversations with the PREA coordinator and facility administrator it was obvious that the facilities review all areas of the center for additional staffing based on youth movement in order to meet the requirement of this standard. The direct care staff were noted to be located throughout the center during the tour. At least once every year, the agency or facility, in collaboration with the PREA Coordinator, reviews the staffing plan to see whether adjustments are needed to the staffing plan; prevailing staffing patterns; the deployment of monitoring technology; or the allocation of agency or facility resources to commit to the staffing plan, to ensure compliance with the staffing plan.</p> <p data-bbox="280 1930 1437 2092">115.313 (b): The facility administrator provided a daily roster that indicates the staffing utilized during the prior 24 hours. During the pandemic the center had to pay overtime and utilize some non-essential staff in order to provide staff that ensured appropriate staff were available to meet the mandatory posts.</p>

115.313 (c) Random interviewed direct care confirmed that they are assigned based on activities at each unit which will impact the staffing plan. The random staff stated that the center does not count control operators toward meeting this requirement. The facility administrator provided a daily roster that indicates the staffing utilized during the prior 24 hours. The facility's plan strives to maintain staffing ratios of a minimum of 1 staff to 8 youth during youth waking hours and 1 to 16 during youth sleeping hours. The facility has not had in deviation in the ratios mandated by DYS Policy 9.18. The facility has a hold over and overtime pay program to provide coverage as required. Staff interviewed indicated they are not allowed to abandon their post until properly relieved. The agency requires that all centers have a minimum of two awake and alert staff on site at all times. Due to the center having a population of 12 residents, the center always exceeds the minimum expectations of staff on site.

Datema House conducts field trip, community projects and education trips. During these trips the ratio is increased based on the type of trip and any security needs during the trip to keep the youth safe.

115.313 (d): DYS Policy 9.18 PREA mandates that the staffing plan will be reviewed and approved by the PREA coordinator at least yearly.

115.313 (e): The Facility administrator and PREA compliance manager conduct and document unannounced rounds on all shifts and all areas of the facility to monitor and deter staff sexual abuse and harassment. Each shift supervisor makes rounds several times during each shift. It is the policy of DH that staff are not to inform other staff when the shift supervisor, facility manager or regional administrators are making rounds. During the tour the auditor reviewed the logbooks in all housing units and noted that the shift supervisor, and facility administrator had signed to logbook a minimum of one a day for the last three-week excluding weekends. Shift supervisor had signed the logbooks on each day including weekends. DYS has developed on PREA form that is utilized to conduct daily, weekly and monthly unannounced rounds by administrative staff.

Throughout the audit the auditor made rounds throughout the facility. The ratio during the daytime was one to four on each visit. One tour for the overnight shift, the ratio was 1 to 6.

Compliance was determined by review of policies, documentation, and interview with staff. During the audit the auditor visited all areas of the facility throughout the audit. During the visit the auditor counted the number of youth and number of staff in each area. The facility exceeded the requirement of youth to staff ratios during each visit.

Such steps will include, when necessary to ensure effective communication with youths who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. Datema House will ensure that all written materials to every youth is in format or through methods that ensure effective communication with youths with disabilities, including those who have intellectual disabilities, limited reading skills or who are blind or have low vision.</b></p>

Facilities will not rely on youth, readers, or other types of youth assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the youth's safety, the performance of first-response duties, or the investigation of the youth's allegations. Any use of these interpreters under these type circumstances will be justified and fully documented in the written investigative report. Youths receive information explaining the agency's zero tolerance Policy in an age-appropriate fashion including how to report incidents or suspicions of sexual abuse or sexual harassment in the appropriate manner, taking into consideration age, disabilities, sexual orientation, and language. The facility has a cartoon style training book that is used to explain PREA to youths. The comprehensive education is accessible to all youths, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled as well as to the youths who have limited reading skills. If the youth report a deficiency or the staff are aware of a deficiency in any of these areas, they will report to the supervisor the need for an additional resource.

Datema House will take such steps to provide reasonable accommodations as are necessary to ensure that disabled persons, including those with impaired sensory, hearing or speaking skills receive effective notice concerning benefits, services, or written material concerning waivers of rights or consent to treatment. All aids needed to provide this notice, e.g., sign-language interpreters, readers, or through other auxiliary aids, shall be provided within the service limits and availability of qualified/certified interpreters provided under contractual service without cost to the person being served.

Family members or friends of the youth may not be used as the sign language interpreter, unless specifically requested by that individual. Other youth may not be used to translate.

115.316 (b): The facility has a contract for language services including sign language services. Staff would read all information required for an orientation into the facility and the comprehensive PREA training for youths that can't read. All of the youths interviewed were able to articulate the training programs, recalled the intake process and felt safe at the facility. At the time of the audit there were no youths that required additional resources to receive training, reporting, or other communication requirements. Whenever communication accommodations are needed, the facility administrator and education staff is responsible for arranging for an interpreter or the use of another auxiliary aid to ensure reasonably prompt and effective communication with the youth.

The center has a proactive special education program that includes 504 plans for any youth that may be in need of auxiliary services to communicate effectively with staff or other youth.

Compliance was determined by review of policy, language line contract, and interviews with group leader, education staff, facility administrator.

According to documentation and interview with Facility Director and the Assistant Facility Administrator, the local school system will assist with the provision of services for disabled and limited English proficient youths. If the youth report a deficiency or the staff are aware of a deficiency in any of these areas, they report to the supervisor the need for an additional resource. The supervisor notifies the facility administrator who will contact the appropriate community resource services including the local board of education. Arrangements will be made for an interpreter who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary, when necessary. In all circumstances this center will not rely on youth interpreters. Special needs youth are provided training that is age and maturity-based training per Special Needs. Compliance was confirmed by review of the. The staff conducting the comprehensive training reviews the youth brochure and read the training that is found in a "comic strip" type training book. The guide is called Safety First and goes through all aspects of the PREA standards and includes a test that youth take prior to signing the training forms.

115.333 (c): DYS Policy 9.18 requires that youths receive such education upon arrival or transfer at the facility and shall receive education upon transfer to a different DYS center to the extent that the policies and procedures of the youth's new facility differ from those of the previous center. Two youths that were transferred to the facility interview indicated they received training on the day of the arrival and saw the video and read the comic book for their third time in two weeks.

115.333 (d): The agency shall provide youth education in formats accessible to all youths, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to youths who have limited reading skills. The facility has the capability to provide the PREA education in formats accessible to all youths including those who may be hearing impaired; Deaf; have intellectual, psychiatric and speech disabilities; low vision; blind; limited reading, limited English proficient, and based on the individual need of the youth. Documentation was reviewed of a contracting service for language lines. Posted PREA information is in English and Spanish accessible to youths, staff, contractors, volunteers, and visitors. Staff interviews confirmed youths are not used as translators or readers for other youths. The facility staff indicated that the facility director, education supervisor and medical staff would work with the community resources to provide education to youths regardless of his limitations or disabilities. According to the PAQ, the education department assists in providing information one-on-one in large print, visual aid and magnifiers, translation and other services through the youths individual Education Plan.

115.333 (e): The agency shall maintain documentation of youth participation in these education sessions. A sample of signed acknowledgement statements were reviewed which supported the youths' involvement in PREA education sessions. The youths were aware of PREA information, including their rights regarding PREA, how to report allegations and that they would not be punished for reporting allegations

of sexual abuse or sexual harassment. The Intake staff was interviewed regarding PREA education for youths. Staff ensures youths' receipt of the information, including the youth signing the acknowledgement form. A review of ten youth files confirmed they acknowledged the received a PREA orientation during intake and a comprehensive training within 10 days of arrival at the facility. In the last 12 months 16 youths received comprehensive trainings as indicated in the PAQ.

During the tour of the facility there were limited educational posters displayed at the center. During the interviews, some of the youth were not aware of the victim advocacy program and the victim advocacy program posters were not on the wall or in the resident handbook. The center had recently painted some of the walls and staff had not replaced the posters. A corrective action plan was initiated and the signage was replaced, the handbook was updated and the facility conducted a training program for all the residents to include the emotional support program.

115.333 (f): In addition to providing such education, the agency shall ensure that key information is continuously and readily available or visible to youths through posters, youth handbooks, or other written formats. The PREA education materials provide youths information on how to report allegations of sexual harassment and sexual abuse. A safety guide is provided to each youth to eliminate incidents of sexual abuse and sexual harassment. The guide provides educational information regarding sexual abuse and victims in a cartoon format. The youths revealed they can report allegations of sexual abuse or sexual harassment by telling a staff member or telling a family. There were PREA educational documentation noted throughout the facility including the lobby, visitation and living units.

All youth interviewed formally and informally during tour and subsequent visits to the recreation area confirmed that their group leader and advocate talks to them on a daily basis and talks to them about PREA all of the time. They indicated that the staff that conduct round will ask them questions about PREA. They also indicated that during their initial treatment team meetings the Group Leader will talk about PREA with their parents.

Compliance was determined by review of the agency policies, training curriculum, posters, and youth files and interviews with staff and youths.

arrangements made, and notification provided to parent(s)/legal guardian(s) for delivery of youth to the residential program.

The intake staff will administer a PVIR when the youth arrive at the facility. Sixteen youth remained at the facility more than 72 hours and had received the PVIR. All youth that makes an allegation or sexual abuse or are named in the sexual abuse allegation will be rescreened. Medical, mental health, and supervisory staff may conduct an additional rescreening based on reasonable concerns of the youth safety. Each youth has a treatment team meeting monthly. During the treatment team meeting staff will discuss the youth safety and ask him questions related to his sexual safety.

All staff that utilize the PVIR must complete training on conducting Screenings. The facility uses the information gathered to make room and programming assignments for the youths with the goal of keeping him safe and free from sexual abuse. The program is prohibited from using isolating. The staff member conducting the intake process will complete the screening using the PREA screening tool and will immediately report any heightened risks to the supervisor on duty before making housing decisions. Youths will be reassessed as needed. A review of the youth files determined that most youth have been rescreened on several occasions. Youth that was involved in an allegation of sexual abuse or sexual harassment were rescreened during the investigative process.

The notification posters including the telephone numbers were not noted by the auditor during the tour. It was later found in a small poster posted on a desk. The facility has removed some of the posters while painting parts of the center. The posters were placed back on the wall and the facility provided a picture of the poster next to the telephone.

115.351 (c): Staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document any verbal reports. The staff

interviews confirmed the methods available to residents for reporting allegations of sexual abuse and sexual harassment. Staff members are required to accept third party reports and to document verbal reports. All residents interviewed revealed they are familiar with the provisions of the standard. The resident interviews demonstrated their familiarity with the various ways they may report either in person, in writing, by phone, completing a PREA/grievance or Medical Request Form, or through a third-party. The residents were aware third-party reports could be made and that reports can be made anonymously. Staff members interviewed were aware of their duty to receive and document third-party reports.

115.351 (d): The facility provides residents with access to tools necessary to make a written report. Writing materials are readily available for residents to complete the accessible forms. Prior to the site visit pictures were sent to the auditor showing the reporting forms such as PREA/Grievance forms and Medical Request Forms and the accessibility of writing utensils. During the site visit and while on the site review, the auditor observed the accessibility of writing utensils to the residents. Staff must report sexual abuse and sexual harassment immediately to the Facility Administrator and must immediately notify the Children's Division Child Abuse and Neglect Hotline. Staff and Facility Administrator confirmed that staff may report directly to the facility administrator, and he will coordinate with the staff to call Children's Division Child Abuse and Neglect Hotline, local law enforcement and legal guardian.

115.351 (e): Staff may make anonymous reports of sexual abuse and sexual harassment of residents to their local law enforcement, Children's Division Child Abuse and Neglect Hotline. PREA Coordinator, facility administrator or the PREA compliance manager.

Compliance was determined by review of posters, policy, and interview with staff, calls to all posted telephone numbers including the Children's Division Child Abuse and Neglect Hotline, and The Springfield Victim Center Hotline.

Youth may file a grievance regarding sexual abuse or sexual harassment. However, the director will forward the grievance to the appropriate investigator as soon as receiving the grievance. The facility will not undertake investigations of the grievance, however if it is an emergency grievance and the youth claims or appears to be imminent danger or if the grievance claims staff member sexual abuse, the facility director will take immediate steps to protect the youth, to preserve the crime scene and to remove the staff from the areas where the youth is housed or placed staff member on administrative leave pending investigation. Instructions on how to file grievances are provided to youths on PREA Education Manual for Youths and PREA posters. The agency utilizes the Grievance system for youth to make allegations of sexual abuse or sexual harassment, the grievance system does meet the standards for reporting non PREA related allegations.</p>

	<p>The following policies, directives, memorandum and agency or facility supplements were reviewed for compliance with this standard.</p> <p>DYS Policy 6.5 youth's visit, mail and telephone</p> <p>DYS Policy 6.2 Legal Representation</p> <p>DYS Policy 9.18 PREA</p> <p>Child Advocacy Center</p> <p>Victim Services Center Interview</p> <p>The Child Advocacy Center Interview</p> <p>The Child Advocacy Center Brochure</p> <p>115.353 (a): DYS Policy 9.18 PREA mandates the facility shall provide youths with access to outside victim advocates for emotional support services related to sexual abuse, by providing, posting, or otherwise making accessible mailing addresses and telephone numbers, including toll free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations. The facility shall enable reasonable communication between youths and these organizations and agencies, in as confidential a manner as possible. DH ensures youths are provided access to outside confidential support services. The facility does not have an MOU with The Child Advocacy Center which provide emotional support, counselling; follow-up support; SANE evaluation and referral for treatment after release or transfer to another facility. However, the agency has an understanding of services to be provided by the Missouri Victim Advocacy Centers throughout Missouri. The was confirmed by emails and interviews with the Child Advocacy Center. The staff indicated that besides providing victim advocacy, they provide a telephone number that will allow the youth to talk to a trained counselor for emotional support. They would also make arrangements to visit with the victim or have the victim brought to them or another location if allowed by the facility. The facility does not house youth for deportation services.</p> <p>115.353 (b): The facility shall inform youths, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws. The policy addresses confidentiality of the advocacy support services. The youth receives information regarding the limitations of confidentiality during the intake process. An acknowledgement statement specific to the review of the reporting and advocacy services contains information regarding the advocacy</p>

services to be provided by The Child Advocacy Center. When contacted by phone the center's staff explained they always tell the caller that the telephone calls are confidential however, they have a responsibility to report allegation of child abuse or child neglect. The center and agency also has an agreement with Victim Center provides mental health treatment, counseling, emotional support for youth at Datema House. These were verified by review of emails, interviews with the Victim Center staff and the facility manager. The information for calling or writing the two victim support groups is located in flyers in key places in the center, in the youth/parent handbook and during the Safety First training for new youth.

115.353 (c): The agency shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide youths with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreements. Youth may use the phone, located on each living unit, and push the appropriate number to gain access and speak with a victim advocate. The agency is identified on the signage along with directions for reporting allegations or requesting advocacy services. The Facility Administrator confirmed the availability and accessibility of outside confidential support services to youths. The Child Advocacy Center and Victim Services Center interviews and confirmed by the staff at both centers would provide emotional support by phone or in person if requested by the youth.

115.353 (d): The facility shall also provide youths with reasonable and confidential access to their attorneys or other legal representation and reasonable access to parents or legal guardians. The interview's confirmed youths have access to attorneys and court workers and reasonable access to their parents/legal guardians. The site tour revealed areas where youths could meet privately with a legal representative and the visitation area for visits with family members. All youths interviewed stated family could visit and they provided the days and times of visitation and for phone calls. Youths interviewed confirmed the facility would allow them to see or talk with their lawyer, another lawyer, or a court representative privately. Youths interviewed confirmed the facility would allow them to see and talk with their parents or someone else, such as a legal guardian. Visitors to the facility are informed of PREA.

In touring the center, there were limited victim services posters located in the center. Staff indicated that the area that the signage is located had been painted and signage has not been placed back on the wall. In interview with youth, youth that had been at the center for over 60 days new about the victim advocate for emotional support, while residents that were new to the center were not aware of the services available to the youth. A corrective action plan was required. The center reposted all of the posters, added the victim emotional support in the youth/parent handbook and did a training of all youth on the role of the emotional support staff, how to contact the staff and the confidentiality of the conversations and their duty to report. All of this documentation was supplied to the auditor.

The Facility Administrator confirmed the facility provides youths with reasonable and

confidential access to their attorneys or court representatives and reasonable access to parents or legal. The Youth/Parent handbook provides how families and lawyers may contact the youth.

Compliance was determined by review of center visitation rules, policies, and memorandums, posters located throughout the facility and interview with Staff of Victim Center, The Child Advocacy Center, facility manager and corrective action plan provided the auditor and Missouri Department of Youth Services PREA Coordinator.

The Retaliation Monitor explained during the interview how he would discharge those duties, including monitoring the items identified in the standard and whether a youth filed a grievance alleging sexual abuse or sexual harassment. Retaliation monitoring would occur for 90 days to see if there are any changes that may suggest possible retaliation by youths or staff, and shall act promptly to remedy any such retaliation, according to Policy. The monitoring will continue beyond ninety (90) days if the initial monitoring indicates a continuing need. There have been no incidents of retaliation during the 12 months preceding the audit.

115.367 (d): In the case of youths, such monitoring shall also include periodic status checks. The Retaliation Monitor indicated status checks would be initiated with staff and youths. The Monitoring Instrument includes periodic status. The Retaliation Status Checklist would be used to document the status checks.

115.367 (e): If any other individual who cooperates with an investigation expresses a fear of retaliation, the facility shall take appropriate measures to protect that individual against retaliation. Policy states if any other individual who cooperates with an investigation expresses the occurrence retaliation from another youth or staff member, DH shall take appropriate measures to protect that individual against retaliation. The assistant facility administrator indicated he would visit the youth whenever an allegation is lodged by youths or third party immediately and discuss her role to monitor for retaliation. The facility administrator indicated he would monitor staff that report and cooperated with any investigations. The retaliation monitor interviewed indicated he would meet with the youth on a weekly basis to assure there are no retaliation for reporting sexual abuse or sexual harassment.

Compliance was determined by review of policies, the monitoring check list and interviews with the retaliation monitor, facility administrator, PREA compliance manager and PREA coordinator.

The interviewed mental health and medical staff reported that victims of sexual abuse receive timely and unimpeded access to emergency medical treatment and crisis intervention services. Such services are rendered immediately upon notification. Medical and mental health staff interviewed during the site review were able to clearly state their responsibilities in responding to a reported incident of sexual abuse.

115.382 (b): Direct care staff interviewed, as staff who act as first responders, reported that the duties of a first responder include, but are not limited to: take immediate action, stay with the resident, separate the victim from the perpetrator, isolate/secure the scene and secure evidence, call for additional staff, and notify supervisor. If no qualified medical or mental health practitioners are on duty at the time a report of recent abuse is made, staff first responders shall take preliminary steps to protect the victim pursuant to § 115.362 and shall immediately notify the appropriate medical and mental health practitioners. The interviews with clinical staff revealed youths have unimpeded access to emergency services. The coordinated response plan flow chart provides guidance to staff in protecting youths and for contacting the appropriate staff regarding allegations or incidents of sexual abuse, including contacting medical and mental health staff. The on-call medical list has the names of medical staff and their emergency contact numbers. The full-time nurse is generally on-call 24/7 as determined by the interview. Interviews with Child Advocacy Center indicated there is an on call SAFE staff available 24/7 for forensic examinations. There is also a Victim Advocate on call 24/7 to support a youth that has been sexually assaulted.

115.382 (c): Youth victims of sexual abuse while incarcerated shall be offered timely information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate. All youths are provided access to infection prophylaxis when they arrive at the facility. The PAQ and interviews confirmed processes and services are in place for a victim to receive timely access to sexually transmitted infection prophylaxis, where medically appropriate. Additionally, follow-up services as needed will be provided by the facility's medical and mental health staff, according to the interviews with clinical staff.

115.382 (d): PREA Response Plan Following Youth Report mandates that treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. This was also confirmed through staff interviews. Policy revealed emergency services will be provided by medical and mental health staff. The medical and mental health staff interviews revealed they are knowledgeable of actions to take regarding an incident of sexual abuse. It is documented through policy and understood by the medical and mental health staff that treatment services will be provided at no cost to the victim.

	<p>The following policies, directives, memorandum and agency or facility supplements were reviewed for compliance with this standard.</p> <p>Statement of Fact</p> <p>DYS Policy 9.18 PREA – Ongoing Medical and Mental Health Services</p> <p>Policy 6.1, Facility Programmatic Rights of Resident and the Grievance Processes</p> <p>Advocacy Agreement</p> <p>DSS Policy 9.5 Resident Care</p> <p>DSS Policy 7.4 Access to Health Care Services</p> <p>DYS Administrative Policy 6.7 Administrative Case Review</p> <p>PREA Advocacy Interview</p> <p>115.383 (a): The facility shall offer medical and mental health evaluation and, as appropriate, treatment to all youths who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility. The medical and mental health staff indicated in an interview that the facility would provide treatment as indicated as prior victimization can be part of the treatment needed for recovering youth. The facility makes a referral to mental health for anyone that provides information on prior victimization or past predator behavior in order to comply with the standard. However, the clinical director indicated that all youths that go through intake at the facility are seen by mental health within 72 hours. The Child Advocacy Center provides ongoing mental health counseling services for youths assigned from their geographic location and makes referrals to Missouri Coalition against sexual victimization.</p> <p>115.383 (b): Facility PREA Response Plan Following Youth Report includes a provision that the evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody. Interviews with the clinical staff and observations confirmed on-going medical and mental health care will be provided as appropriate and will include but not limited to additional testing and medical services; medication management, if prescribed; individual counseling; trauma group; and referrals as needed. Youths that are housed at DH have a follow up plan which includes mental health counseling as needed. The plan also includes the family in supporting the youth. The Child Advocacy Center would provide youth with support programs when</p>

released from the center or provide information and arrange for a transfer for emotional support to a certified victim advocacy program within the Missouri Coalition against Domestic and Sexual Violence in other areas of Missouri.

115.383 (c): Based on interviews with the medical and mental health staff the facility shall provide victims with medical and mental health services consistent with the community level of care.

115.383 (d-e): The facility is a male only program.

115.383 (f) The policy and interviews ensure that victims of sexual abuse will be provided tests for sexually transmitted infections as medically appropriate.

115.383 (g) All treatment services will be provided at no cost to the victim, according to policy and staff interviews.

115.383 (h) Policy provides for attempts to be made for a mental health practitioner to conduct a mental health evaluation within 60 days on all known youth-on youth abusers and offer appropriate treatment by mental health staff. Services will include but not be limited to individual, group and family counseling.

Any youth that make an allegation of past victimization are allowed to call the Child Advocacy Center program and staff from the program will go to the facility and meet with the youth and offer their services when released from the center.

Based on a review of the PREA policies, and interviews with the Child Advocacy Center, mental health director, medical staff, PREA coordinator and Facility Administrator the facility is in compliance with this standard.
