- 3.20 **Child Care Business Information Solution**
- 3.20.1 The Department has implemented an electronic attendance record keeping system, hereafter referred to as the Child Care Business Information Solution (CCBIS). The CCBIS has three components:
- 3.20.2 KinderConnect – the child care provider portal that allows child care providers the ability to manage attendance and view child care subsidy information.
- 3.20.3 KinderSign – an application on a Point of Service (POS) device that enables a parent or sponsor to enter attendance electronically with a 10 digit number and an individually selected secure identifier for checking the child into or out of care.
- 3.20.4 KinderSmart – a smartphone application that enables a parent or sponsor to record attendance electronically with their own personal registered smartphone.
- 3.20.5 The Department has implemented the Child Care Business Information Solution (CCBIS) to collect attendance for children eligible for subsidy attending the facility. The provider has the option to use CCBIS to collect attendance information for private pay children. Delivery of Point of Service (POS) devices to providers submitting a Child Care Provider Agreement (CCPA) will take place within three (3) business days of the finalization of the CCPA. All providers are required to use CCBIS or another Department approved electronic attendance record keeping system to collect attendance for children eligible for child care subsidy.
- a. The provider shall have internet access with WIFI capabilities in order to utilize the POS device. Providers, who are unable to access internet services due to availability of internet service may request a waiver from the Department and be required to utilize a Department approved method for collecting attendance.
 - b. The Department will arrange for delivery, training, and activation of a POS device to the provider's facility to accept attendance electronically.
 - 1. The Department will provide one (1) POS device for every thirty (30) children enrolled at the facility. It will be the responsibility of the provider to resolve any issues with the CCBIS contractor if the POS

device is damaged or stolen. Replacement costs, to be paid by the provider, shall be determined by an equipment agreement between the CCBIS contractor and provider.

2. The Department will provide POS devices to providers offering transportation services. The provider will be offered one (1) POS device for each van or bus used to transport children.
3. The Department or its designee will provide training to the provider on the use of the CCBIS.
4. The POS device will be registered electronically to the address of the facility and may not be used at other locations, unless an alternative location is approved by the Department.
5. The Department has the right to deny payment for child care services for which a sponsor has failed to enter or approve attendance as required at drop off and/or pick up times.
6. If a provider, or a person acting in any capacity for the provider, is found to be possessing, maintaining, storing or using a sponsor's secure identifier for checking a child into care or checking a child out of care, the Department will make a claim against the provider for reimbursement of child care subsidy payments paid on behalf of that child, for a minimum of one (1) month but up to and including the entire period of time during which the provider, or person acting in any capacity for the provider, intentionally violated the agreement by improper use or access of the secure identifier for the child.

c. Child care providers currently using an electronic attendance system may continue to use the system, if the manufacturer of the current system can be conformed to the CCBIS system requirements to transmit attendance information into KinderConnect.

1. The Department will arrange for delivery, training, and activation of one POS device to the provider's facility. The provider will not be expected to use the POS device.
2. The child care provider will manage the attendance within their system of record and transmit the attendance information for children receiving child care subsidy into KinderConnect.
3. The child care provider understands that once the attendance information has been transmitted from their current electronic system into KinderConnect, attendance corrections will not be allowed.

3.20.6 The provider shall begin utilizing the CCBIS, immediately following the establishment of the POS device(s) within the facility. The provider shall enter employee information, sponsor information, and any additional sponsors for Child Care Subsidy eligible families into the CCBIS. The provider will submit attendance electronically via CCBIS after the establishment of the system within the facility and the set-up and practice month.

- a. The provider shall require all parents/guardians and sponsors to utilize the POS device or the Smartphone option to check children in and out of care each day the child attends the facility.
- b. The provider shall review the daily child attendance in the CCBIS to determine if any children in attendance were not checked in or out of the facility.
 1. Documentation for children receiving child care subsidy who were not checked in or out of care may be corrected by the provider, parent/guardian or sponsor within five (5) calendar days of the missed attendance.
 2. The provider may make a correction to a child's attendance record, adding a time in or a time out in a day, but not both. The parent/guardian or parent approved sponsor must view and approve the attendance entered by the provider.
 3. Failure to make corrections within the specified timeframes shall result in the provider not receiving payment for units of care in which check in times or check out times are not entered or approved in the CCBIS.

- 5.2 The provider shall, within thirty (30) calendar days following the last day of each calendar month, submit attendance to the Department for services rendered to authorized clients by the provider during such month.
- 5.3 The Department will within forty-five (45) calendar days of receipt of the attendance, provided such attendance is submitted as outlined herein, initiate payment of authorized services provided.

- 5.7 The provider shall accept the maximum base rates for payment for families receiving Child Welfare Services, as defined herein. The maximum base rates are inclusive of all child care services, therefore, the provider shall not collect any additional funds from Child Welfare Services families or children. Any additional funds include co-payments, enrollment fees, field trip fees, activity fees, transportation, etc. The provider shall not invoice the Department or the Child Welfare Services family for services which include enrollment, activity, late fees, or any other fees not associated with the direct care of the child. - 5.8 The provider shall collect co-payment directly from income eligible families when the provider's rate for care is higher than the maximum base rate. The co-payment is not the sliding fee. The Department cannot take action on an income eligible family who does not pay their co-payment.
- 5.9 The provider shall not require adoptive parents to pay a co-payment when the provider's rate for care is higher than the maximum base rate, plus incentive payments paid by the division. However, the adoptive parent may choose to pay a co-pay as long as the co-pay is not required to secure a child care slot.
- 5.10 The provider shall accept the maximum base rates for payment in full for income eligible families, unless it is allowed by the Department for the provider to accept a sliding fee. The provider shall accept a sliding fee from clients authorized for child care by the Department who are required by the Department to pay such a sliding fee. The provider further agrees that the amount payable by the Department per unit of service shall be the unit price less the aforementioned sliding fee. The income eligible family is responsible to pay their portion of the sliding fee. The provider must collect the sliding fee from the income eligible family within sixty (60) calendar days of the amount being due. Monies collected from income eligible families must be applied to the sliding fee first.
- 5.11 If the provider meets eligibility requirements established and approved by the Department, the Department reserves the right to make payments to the provider in excess of the maximum base rates, in the following instances:
- To pay the provider an additional child-specific payment for a child with special needs as approved by the Department; or
 - To pay the provider an additional amount per unit to a facility accredited by a state or national accrediting body, acceptable and approved by the Department.
 - The Department may implement and discontinue such additional amounts at its sole discretion and without further modification to the agreement.

- 5.13 Payment for absences and/or holidays is allowed only for units when the child would normally be in care. An absence is any day an authorized child is not in attendance when the facility is open for business and other children are receiving child care services. A holiday is any day the facility is closed for any reason during normal operating hours, and no children are in care. This includes holidays, facility closing due to inclement weather or a provider vacation.
- 5.14 Payment for absences and/or holidays may be made for the authorized units the child is not in attendance subject to the following limitations, as long as the child attended a minimum of one unit in the month:

Instructions for Certification

1. By signing and submitting this proposal, the prospective recipient of Federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing 2 CFR. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective recipient of Federal assistance funds agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the DOL.
6. The prospective recipient of Federal assistance funds further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to check the List of Parties Excluded from Procurement or Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntary excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the DOL may pursue available remedies, including suspension and/or debarment.
