

MO. Coordinating Board for Early Childhood

Health Care work group

Phone Meeting

9-28-11

MINUTES

On call: Mayme, Daryl, Patsy, Roseann, Beth S

- **Revisiting/Clarifying Overall purpose:** produce landscape, identify systems, resources, data impacting children's health--gaps, then be able to make recommendations.
- **Report out from info gathered**
- **Creating a landscape: next steps?**
DHSS, DSS, DESE have largest funding streams for EC: get from them their fed and state funding streams, and brief description of what their focus is; maybe start identifying gaps from that starting point—THEN can break down in terms of programs—start with assessment of FISCAL resources—Beth S will secure this from DHSS; need also contact Mo Health Net; as we secure this info, try to get it broken down a bit—the streams—are they for subsidy, PD, age ranges, direct serves etc—Mayme will contact MoHealthNet and professional care association; Daryl will contact DSS and DESE and ParentLink, and Dept of Corrections; will contact FQHC's as well; Patsy will provide DMH info.
- **Additional Relevant Issues**
Creating a definition of early childhood health.
- **Miscellaneous**
Daryl and Mayme will send a meeting invite for next meeting.
