

**CBEC Home Visiting Work Group**  
**November 30, 2012**  
**10:00-3:00 (Working Lunch)**

**MINUTES**

**In attendance: Daryl Rothman, Patsy Carter, Megan Julius, Val Lane, Cheryle Dyle-Palmer, Laura Malzner, Cindy Reese, Sr. Anne Francioni (by phone), Ron Tompkins (by phone), and Pam Thomas (by phone)**

Daryl started off giving an update from a group that has began meeting to talk about screening. Val mentioned that they may want to look at the work that OPRE has done looking at all screening tools.

The group decided that we want to build a framework for what a statewide home visiting system in MO would look like.

The group spent quite a bit of time looking at the Self Assessment Tool for States developed by Zero to Three. It was decided that this would be good information to have on our state and that we would like to recommend to the CBEC that they contract with someone to complete this self assessment for our group. Val is working on the recommendation to the CBEC.

Core Competencies –

Pam stated that some states have early intervention competencies. Cheryl stated that the PAT National Center has core competencies for Parent Educators.

The group talked about who we may need to add because of gaps, but decided to add them after we have developed the charge of the group which should be finalized in January. Potential additions of people are: Lana Brooks, Shari Allen, & Matthew Thullen

The group definitely decided that we need to add the family voice so we will be looking for someone who received home visiting services in the recent past and has a child under the age of 8, we would like 2 representatives.

Below are the notes that we captured throughout the meeting that we didn't want to lose track of. It was agreed that Val and Cindy would work together to develop a draft charge using the notes below to discuss at the next meeting.

Enhance current home visiting programs

- PAT (MO)
  - Ensuring Fidelity
  - Helping others become evidence-based

Outcomes in our children and families

Ensuring a match of family needs to the best model

One home visiting system links all state departments

- Transitions

S/E

Parental MI/SA

Trauma – DV & CA/N

Family Attachment – Strengthening Families

Core Competencies for Professionals with a connection to Higher Education.

**Next Meeting: January 4, 2013, 8:30-10:00 by phone.**
