Meeting called to order at 10:00 a.m.

Val explained our back story of the Big Ideas list and the World Café with the new members of the workgroup.

Drafted a master list of Stakeholder Big Ideas

- The group discussed the ideas that fell within each of the 8 areas in the tool, and clarified language where needed.
- Since one area was Program Standards, concern was expressed that we were creating a “Missouri model of home visiting.” The group discussed that the purpose of getting input and refining the main ideas is to define what a *system* of home visiting would look like in our state, not to create a new model.
 - Example –An evidence-based model will have a set of requirements; the workgroup is not defining the requirements of the model. The recommendations will be about defining a state system that can support multiple models..
- Finished the first draft of the Big Idea’s list.

Next Steps

- Compare Big Ideas with the OSEDA report.
- Draft recommendations for July CBEC meeting.
- Send final version of Big Ideas with table 1 from OSEDA report to all World Café attendees.
