This can be accomplished by (a) developing key partnerships, (b) building collaborative strategies and (c) ensuring equal access to necessary resources, resulting in the implementation of an effective and sustainable early childhood system.

**Participants:** Patsy Carter, Sanaria Sulaiman, Cindy Reese, Dr. Laine Young-Walker, Shelley Mayse, Emily Montgomery, Daryl Rothman; Angie Wendt

**MINUTES**

**I. Training for Child Care Professionals Update**

Sanaria presented an outline of the 4 units (8 modules) on social/emotional and mental health available through national CCA. Proposal would be that we could pilot providing scholarships for the first unit to EC providers in the St. Louis LAUNCH catchment area. Idea is to incentivize training on S/E. Then have state teams (CBEC and/or LAUNCH) explore how this could shape CE requirements for EC providers across the state.

**II. Review of PowerPoints for Medical Professionals**

Dr. Young-Walker noted that when DSM-V is released will update Part 2 of the webinar. DSM-V release is scheduled in May. Can then use this to market webinar to medical professionals. Part 1 needs to be reviewed for format and will be done in the next face to face meeting on April 15. Patsy and Dr. Young-Walker will work on Part 3 which is the operational side of this, screening, billing, referrals etc.

**III. Initial discussion on curriculum for mental health professionals**

Group revisited options for delivery of this training. Webinar; face to face; or face to face followed by 6 month facilitated learning collaborative would mentioned. Group opted for latter. Noted that this could be piloted in St. Louis LAUNCH area and then brought to other areas of the state. Shelley agreed to join Suzie and Judy in developing the curriculum for training. Will discuss curriculum draft in April meeting.
