 - Report and vote: The role CBEC will be asked to take regarding the development and implementation of the Federal Child Care and Development Block Grant around quality. (Cindy Burks) Here is the wording of the particular section of the CCDBG:
 - "98.33(b) - Lead Agencies must collect & disseminate consumer education through a transparent system of quality indicators, such as a quality rating & improvement system or other system established by Lead Agency, to provide parents with a way to differentiate between the quality of different child care providers in their communities using a rating or other descriptive method. Must be: provider-specific; explain standards used to assess quality; account for teaching staff qualifications/competencies-learning environment and curricula (recommend to link to State ELG's)/activities); on website; transparent. Should have indicators appropriate to provider type and age of children served. Strongly encourage meeting this requirement by a QRIS and including all providers."
 - Report from the Early Care And Education Work Group (Carol Scott)
 - Report on the CBEC's website and possible updates. (Cindy Burks and Justin Logan)
- Reports to the Board (workgroups, partners, agencies, additional, and any proposals and/or questions for the full board)
