

Steps for Completing the Background Screening Process

Fingerprinting

1. Child Care Providers applying to become registered to receive Child Care Subsidy payments from the Child Development Block Grant (CCDF) or renewing their current child care registration, will complete the [Comprehensive Background Screening Information form](#) for themselves, staff, volunteers, and household members 17 years old & older and submit form to CCPRU with their Registration Agreement for Services.
2. Register with the fingerprint portal on the Missouri State Highway Patrol's [Missouri Automated Criminal History System \(MACHS\)](#).
3. Once you click on "register", you will be prompted to enter the four digit registration number required for the results of your fingerprints to be sent to Missouri Department of Social Services, Children's Division, Office of Early Childhood.
 - a. The registration number for Early Childhood, that providers must use is **2950**
 - b. If you are a licensed provider, please refer to the [Department of Health and Senior Services, Section for Child Care Regulation's Background Check Process](#).
 - c. Once you submit the registration code, the next page will have you confirm the requesting entity. It should list Department of Social Services Office of Early Childhood Daycare in Home as the ORI Name.
4. After confirming the information is correct, you will enter your personal information and click on "Enter" at the bottom of the page.
5. The next page will inform you that your registration is not complete and prompt to review the information you have submitted. You will be provided with a Transaction Control Number (TCN). This number is only used for MSHP tracking only. This is NOT your coupon code.
6. After you click on "submit" you will be given the Missouri Applicant Fingerprint Privacy Notice. Please review and click on complete registration.
7. You will then be redirected to the IdentoGO Missouri website. You will verify if your name and the requesting entity is correct.
8. Once you have verified that the information is correct you will register for Digital Fingerprinting Services.
9. You will enter your zip code and this will generate a list of locations closest to you.
10. You have the option of completing a "Walk-in" appointment or you can schedule an appointment. Please note, not all locations will be able to offer walk-ins due to large volume of fingerprint requests. You may be better offer to schedule an appointment.
11. After making your selection, you will receive a pop-up with the payment authorization code. **This will be used as your payment method.** Without this code you will be required to pay out of pocket for your fingerprints and reimbursement is not an option. Please print the "Registration Complete" page and take it with you to your appointment. It will list your name and your coupon code that will be used for payment.

Additional fingerprinting locations can be found at: [IdentoGO Locations](#). Please make sure you have registered before you make an appointment or complete a walk-in.
