Child Care Subsidy Program

Missouri Department of Social Services
Children’s Division
Your Family Qualifies for Child Care Subsidy

What are the Next Steps?

Step 1: Find a child care provider
Choosing the right care for your child can be hard. Here are some helpful resources:

- Child Care Aware of Missouri: Provides resource, referral & training services.
  - [mo.childcareaware.org](http://mo.childcareaware.org) or call 866-892-3228
- Show Me Child Care Provider Search: Helps you find a child care provider near you and allows you to find out more about any provider you are interested in.
  - [https://healthapps.dhss.mo.gov/childcaresearch/searchengine.aspx](https://healthapps.dhss.mo.gov/childcaresearch/searchengine.aspx)

Step 2: Call the child care provider
- Ask the provider if there is an opening for your child and if they accept Child Care Subsidy payments.

Step 3: Have your child authorized for care.
- Call the Family Support Division (FSD) & ask that they authorize your child for care with the child care provider you chose.
- Give the name and phone number of your child care provider.
- Make sure FSD has received your schedule, or provide it if you haven’t already.
What Does the Program Pay for?

**Child Care Subsidy**

The Department of Social Services will pay the state base rate, which is an amount determined based on where your provider is located and the type of provider you choose.

**What Do I Pay for?**

You May Be Responsible for Paying Certain Fees. These Include:

- **Sliding fee:** This is the portion of child care expenses that you must pay directly to your child care provider. This amount is based on your monthly income. Your authorization letter will tell you what your sliding fee is.

- **Co-payment:** If your provider charges more than the state base rate, you will be required to pay the difference. This is called the co-payment. Parents must negotiate this fee directly with the child care provider.

The authorization letter will tell you what your daily sliding fee will be.
**To Make Sure My Child Care Is Covered?**

✔️ **Maintain an attendance record**
- You will need to sign your child in and out of care each day.

✔️ **Create an account and use the Child Care Business Information Solution**
- This will allow you to:
  - Check your child in and out of care electronically
  - Access your child care authorization, sliding fee, and benefit information
  - Receive messages directly from your child care provider
  - View and approve attendance

To learn more about CCBIS, visit [ccbismo.info/parents](http://ccbismo.info/parents).

✔️ **Pay any fees you owe directly to your child care provider**
- This will include your sliding fee and co-payment.

✔️ **Report any changes to the Family Support Division**
- You’ll need to call 855-FSD-INFO (855-373-4636) to report any of the following changes:
  - Your need for child care changes (ex. you’d like to switch child care providers, you no longer need child care, etc.)
  - You lose your job or your schedule changes
  - Your income changes
  - Your address, phone number, or the number of people in your household changes

Please note that although reporting these changes are required, this does not necessarily mean your child care coverage will change.

✔️ **Know when your benefits expire and reapply before the deadline**
- There are 4 ways to check the status of your benefits:
  - Visit [myDSS.mo.gov](http://myDSS.mo.gov) any time and select “Check My Status”
  - Go to your local FSD Resource Center
  - Call 855-FSD-INFO (855-373-4636)
  - Check your eligibility dates through the Child Care Business Information Solution (CCBIS)

✔️ **It is your responsibility to reapply before your benefits expire**
- You should receive a child care application in the mail 45 days before your benefits expire. If you do not receive this form, please contact the Family Support Division immediately and request one or reapply online at [myDSS.mo.gov](http://myDSS.mo.gov)
If My Income Increases Do I Still Receive Child Care Benefits?

If your income increases you should reapply for the program even if you’re not sure if you’re still eligible. Help may still be available through the Transitional Child Care Program. This program helps families ease into paying for child care on their own.

There are 3 levels of Transitional Child Care you may qualify for:

**Level 1**
The program pays **75%** of the Child Care Subsidy benefit

**Level 2**
The program pays **50%** of the Child Care Subsidy benefit

**Level 3**
The program pays **25%** of the Child Care Subsidy benefit

You can also send an email to CCPComplaints@dss.mo.gov to file a complaint about your child care provider’s services.

There are certain health and safety rules that all Missouri child care providers who accept Child Care Subsidy payments must follow:

- Providers must have health and safety training (including first aid and CPR) before they can care for children.

- Providers, their staff, and any volunteers must pass national and state criminal, child abuse/neglect, and sex offender background checks.

- Providers will be observed and checked to make sure they meet health and safety standards.

How Can I Tell If My Child Has A Special Need?

All children grow and learn at a different pace. If you are worried that your child is not progressing as quickly as other children their age, the Centers for Disease Control and Prevention (CDC) offers these general milestones that may be helpful:
