Dear Child Care Provider Registration Applicant:

The Department of Social Services (DSS) registers license-exempt child care programs to become child care providers for families eligible to receive Child Care Subsidy through the DSS. Summer camp programs are not required to be licensed child care providers, but are required to obtain a Certificate of Registration and sign a Child Care Provider Agreement with DSS to be paid for services provided to families eligible for Child Care Subsidy.

If you have been determined to be a license-exempt summer camp program by the Department of Health and Senior Services, Section for Child Care Regulation, you must meet the requirements detailed in the attached “Child Care Provider Application Instructions and Checklist for License-Exempt Summer Camp (SUM) Programs” before your registration agreement can be considered for approval.

Included in this packet are documents to assist you in the registration process, resources for technical assistance, and information regarding the Child Care Subsidy program. Read each document in this packet carefully and maintain the information in this packet for future reference.

If you have any questions or require further assistance, please contact us at CD.AskCCPRU@dss.mo.gov

1. Tuberculin Skin Test (TST) - Please provide a 2-step TST for those at high risk that have no documentation of a previous TST: Administer 1st step TST today and read in 48-72 hrs, if the 1st step TST is positive, document the results in millimeters (mm) of induration and follow the evaluation steps for a positive TST. If the 1st step TST is negative document the results in mm of induration. Results of mm of induration, transverse diameter; if no induration write ‘0’ mm. The TST interpretation should be based on mm of induration as well as risk factors. Place a 2-step TST in one to three weeks after the first TST was read and recorded. The 2-step should be read in 48-72 hrs and then follow the documentation procedures as outlined above.
