SUBJECT: AVAILABILITY OF CHILD DEVELOPMENT WHEELS

DISCUSSION:

Child Development Wheels, developed for the Children's Division by ParentLink to be used with active Intensive In-Home and Family-Centered Services cases, were introduced to Children's Division staff in Memo CD 10-33 dated April 8, 2010. Because of the success Children's Division staff has had using the wheels as a teaching tool helping parents to understand the developmental stages and needs of their children, Memo CD 10-107, dated September 16, 2010 notified Children's Division staff of the intent to keep a supply of the wheels in stock for continued use.

The purpose of this memo is to advise Children's Division staff that an additional supply of the Child Development Wheels is available to Children's Division staff. Staff is instructed to contact the PDS Contact below when a new supply is needed.
