Eligibility, 2605(b)(2) - Assurance 2

2.1 Designate the income eligibility threshold used for the heating component:

Add	Household size	Eligibility Guideline	Eligibility Threshold

2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? Yes No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test ? Yes No

Do you have additional/differing eligibility policies for:

Renters? Yes No

Renters Living in subsidized housing ? Yes No

Renters with utilities included in the rent ? Yes No

Do you give priority in eligibility to:

Elderly? Yes No

Disabled? Yes No

Young children? Yes No

Households with high energy burdens ? Yes No

Other? See Explanation Policies Below Yes No

Explanations of policies for each "yes" checked above:

LIHEAP eligibility is based on four (4) main areas: 1) Citizenship and Permanent Legal Resident Status – A household member(s) must be a citizen of the United States or be admitted to this country for permanent residence. 2) Resources – Each household’s resources may not exceed \$3,000. 3) Responsibility for Heating/Cooling Costs – Each household must establish they have an account in their name or meet the definition of a renter/landlord applicant and are incurring heating/cooling costs. 4) Income Based on Household Size – Each household must meet specified income guidelines (135% of the federal poverty level) based on their household size. Renters: Individuals living in rental property and who are paying a home energy supplier directly for their heating costs receive the same benefit as a similarly situated homeowner. Renters living in Subsidized Housing: Households residing in public subsidized housing with utilities included as an undesignated portion of their monthly rent, provided they can document they are paying energy costs over and above the utility allowance included in their regular monthly rental charge. Renters Utilities included in the Rent: Households with heating costs included as undesignated portion of their monthly rental charge receive a payment equal to 8% of their annual rental costs or the amount they would receive as a home owner, whichever is less. The Department of Social Services intends to use the next year to work with key stakeholders to consider raising the eligibility threshold to 150% of FPL and/or increase the benefit amount per household.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Applications for households with a household member(s) that is elderly and/or disabled are mailed and accepted for processing each year in the month of October, one month prior to the official program beginning. The official program beginning date is November 1st of each year. A \$100 medical deduction is automatically given to households in which the applicant or spouse is elderly (age 65 or older) or disabled. Only one (1) \$100 deduction will be allowed, even if both applicant and spouse meet either or both criteria. Energy Assistance (EA) benefits are determined based on each household meeting specified income guidelines (135% of the federal poverty level) based on their household size and fuel type. Our attached payment matrices indicates compliance with this assurance by virtue of the fact that benefit amounts decrease as income increases to reflect the household’s energy costs in relation to their income.

4.2 Provide your LIHEAP program's definition for determining a crisis.

The Energy Crisis Intervention Program (ECIP) is designed to provide financial assistance to households in a verifiable energy crisis. This crisis is defined as receipt of termination or disconnect notice indicating a specific disconnect date; a final billing statement advising the account has been terminated; the household is in threat of disconnection, but may not have received a disconnection notice, if they are a cash on delivery (COD) customer, when the propane tank is filled at less than 20% capacity, and when a pre-paid electric customer indicates their pre-paid usage is about to run out. The Department of Social Services intends to use the next year to work with key stakeholders to consider raising the eligibility threshold to 150% of FPL and/or increase the benefit amount per household. Summer Crisis eligibility threshold increased to 150% FPL effective September 1, 2020 through October 31, 2020. Summer Crisis end date also extended to October 31, 2020.

4.3 What constitutes a life-threatening crisis?

An illness or medical condition that poses an immediate risk to the health or life of any LIHEAP household member due to a life-threatening medical condition. Medical statement required; or

When a life threatening medical condition is sustained by the use of a medical device which requires the use of a source of energy for operation. Medical statement required. Reasonable exclusions: carbon monoxide detectors, smoke alarms, other devices not medically required to support life. The reasonable exclusions listed are not all inclusive.

Explanations of policies for each "yes" checked above:	
<p>According to Missouri's LIHEAP, there are no additional eligibility requirements for crisis assistance; however, in order to receive a window air conditioner unit, there is an age restriction and medical necessity may be required. The policy is written as follows:</p> <p>A household that is LIHEAP eligible must have a member who is sixty-five (65) or older or have any household member that has a letter from a qualified physician or nurse practitioner stating that a life-threatening condition exists where an air conditioner will eliminate or significantly reduce the possibility of loss of life or heat-related illness. The letter does not have to include the diagnosis or condition; it only has to indicate there is a need for air conditioning.</p> <p>LIHEAP eligibility is based on four (4) main areas:</p> <p>Citizenship and Permanent Legal Resident Status – A household member(s) must be a citizen of the United States or be admitted to this country for permanent residence.</p> <p>Resources – Each household's resources may not exceed \$3,000.</p> <p>Responsibility for Heating/Cooling Costs – Each household must establish they have an account in their name or meet the definition of a renter/landlord applicant and are incurring heating/cooling costs. Applicants for the Energy Crisis Intervention Program (ECIP) component must additionally have received a notice of termination, be in threat of disconnection, but may not have received a disconnection notice or services have already been terminated. Renters whose heating/cooling costs are included in their rent are not eligible to receive ECIP benefits. Landlord cases, when the landlord sends a fuel bill to the renter, are eligible to receive ECIP benefits as long as the contracted agency receives in writing from the landlord that the applicant's service is threatened or terminated. Crisis Requirements, 2604(c)

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?

Yes No Explain.

Each of Missouri's nineteen (19) contract agencies provides access to services at a set number of counties. Missouri has 114 counties and the City of St. Louis which all are covered by the nineteen (19) contract agencies.

4.11 Do you provide individuals who are physically disabled the means to:

Submit applications for crisis benefits without leaving their homes?

Yes No If No, explain.

Travel to the sites at which applications for crisis assistance are accepted?

Yes No If No, explain.

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled?

Households may access the LIHEAP website directly, download and print. (On-line submission is not available). Applications, including supporting documentation, may be mailed or faxed to the contract agency that services the county the applicant lives in. "Where to Mail Your LIHEAP Application" is included with the printed LIHEAP application. NOTE: Not all agencies accept faxed applications.

Benefit Levels, 2605(c)(1)(B)

4.12 Indicate the maximum benefit for each type of crisis assistance offered.

Winter Crisis	\$800.00 maximum benefit
Summer Crisis	\$600.00 maximum benefit
Year-round Crisis	\$0.00 maximum benefit

4.13 Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?

Yes No If yes, Describe

Emergency Services can be provided to protect the health and safety of the household when other forms of assistance under LIHEAP will not resolve the energy related crisis. Applicants must be LIHEAP eligible in order to receive Emergency Services. Emergency Services funding comes from ECIP Direct Service dollars. Recipients of ECIP funding are not entitled to direct payments. If an Emergency Service is provided, the household will not be reimbursed if they pay out of pocket in advance. Contracted agencies are allowed to utilize no more than 2% of the Direct Service funding if they choose to provide Emergency Services as part of their LIHEAP services. This funding for Emergency needs is: blanket purchases, emergency lodging, air conditioner window units, wood stoves, furnace and central air replacement or repairs. Funding used for Emergency Services are deducted from the ECIP Direct maximum of \$800 for Winter ECIP and \$600 for Summer ECIP.

4.14 Do you provide for equipment repair or replacement using crisis funds?

Yes No

If you answered "Yes" to question 4.14, you must complete question 4.15.

4.15 Check appropriate boxes below to indicate type(s) of assistance provided.

	Winter Crisis	Summer Crisis	Year-round Crisis
Heating system repair	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Other (Specify): Furnace and Central Air replacement or repairs are part of the Emergency Services that an agency can provide. Emergency Services funding comes from ECIP Direct Service dollars. Recipients of ECIP funding are not entitled to direct payments. If an Emergency Service is provided, the household will not be reimbursed if they pay out of pocket in advance. Contracted agencies are allowed to utilize no more than 2% of the Direct Service funding if they choose to provide Emergency Services as part of their LIHEAP services. Additional funding up to \$400 can be applied to furnace and central air replacement or repairs for applicants eligible for LIHEAP. (The additional \$400 will not be utilized for additional payment on a household's energy bill). Funding used for Emergency Services are deducted from the ECIP Direct maximum of \$800 for Winter ECIP or \$600 for Summer ECIP. The additional \$400 cannot be accessed until the ECIP benefit maximum of \$800 for Winter ECIP or \$600 for Summer ECIP has been exhausted. Emergency Services also provides Blankets and Emergency Lodging under Winter Crisis.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

Yes No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

The Missouri Public Service Commission (PSC) established a Cold Weather Rule (CWR) for Missouri's investor owned utilities. The CWR prohibits the disconnection of heat-related services and allows customers to make a payment arrangement when the temperature is forecasted to drop below thirty-two (32) degrees. The time period covered under the CWR is November 1 through March 31 of each year. Households that do not honor the payment arrangements made will be subject to disconnect once the temperature is above thirty-two (32) degrees or beginning in April; whichever comes first.

The PSC established a Hot Weather Rule (HWR) for Missouri's investor owned utilities. The HWR addresses time periods which prohibit the termination of energy services to customers when certain extreme heat conditions are forecasted to exceed ninety-five (95) degrees. The time period covered under the HWR is June 1 through September 30. Households will be subject to disconnect once the temperature is below ninety-five (95) degrees or beginning in October; whichever comes first.

Should an applicant present proof a crisis exists for purposes of receiving ECIP funds, the contract agency should verify with the energy provider whether the service will be terminated or is actually terminated or whether the service will continue due to the CWR or HWR. If the service remains on due to one of these rules, the 18/48 hour requirements do not begin until the day after the service will actually be disconnected. The contract agency should not assume the CWR or HWR are in place just because the timing falls between the moratorium time periods.

All programs, with the exception of TITLE VI of the Energy Conservation Act, are administered by the Department of Social Services (DSS) or through contractual arrangements with the nineteen (19) contract agencies throughout the state. Seventeen of which are Community Action Agencies (CAA) and the other two (2) being the Urban League of Metropolitan St. Louis and Mid-America Assistance Coalition (MAAC); both non-profit organizations. CAA's are sub-grantees for the Community Services Block Grant (CSBG) and Head Start, distribute USDA surplus commodities to low income households, administer programs for Missouri's homeless population, administer the Energy Crisis Intervention Program (ECIP) component of LIHEAP, and the intake and eligibility determination functions for the Energy Assistance (EA) component of LIHEAP. This list is not inclusive of all the services provided. The Urban League of Metropolitan St. Louis covers many of the same functions as the CAA's, a primary exception being the CSBG. MAAC also does not provide CSBG.

Eighteen (18) contract agencies also provide information services through contractual agreements with the Missouri Department of Natural Resources for Weatherization services. Missouri's LIHEAP generates a Non-Weatherization printout and shares this with the eighteen (18) contract agencies.

DSS Family Support Division (FSD) Income Maintenance (IM), who administers TANF, Food Stamps and MO HealthNet (Medicaid) has established Resource Centers where clients can come in person to receive services. Resource Center staff will assist us in their communities by working closely with community partners to provide wrap-around services for the families we serve including providing information concerning LIHEAP.

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

8.2 How do you provide alternate outreach and intake for HEATING ASSISTANCE?

FSD provides alternate outreach by participating in the Missouri Public Service Commission's campaign to educate households on the seasons' rising utility costs and how each household can conserve and take action of their usage and bills. MO BEE (Bee Energy Efficient) will be utilized with state departments and community agencies. Contract agencies are working on outreach efforts through back to school fairs and energy conservation fairs. Some contract agencies have home energy suppliers and other social service agencies such as the American Association of Retired Persons (AARP), United Way, Catholic Charities, Salvation Army, 211(through United Way), etc. involved with providing outreach and assistance for low-income citizens.

Outreach is also conducted by contract agencies which provide articles for faith-based organizations, media, local schools, and outreach/education programs sponsored by the Public Service Commission (PSC) and Department of Economic Development.

Agencies provide intake service through home visits or by telephone for the physically infirm (i.e. elderly or disabled).

FSD website provides outreach through the LIHEAP web page @ <https://dss.mo.gov/fsd/energy-assistance/>. This web page also contains a link to the LIHEAP brochure.

The LIHEAP manager speaks at varied meetings/activities to share information regarding Missouri's LIHEAP.

8.3 How do you provide alternate outreach and intake for COOLING ASSISTANCE?

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.

8.6 What is your process for selecting local administering agencies?

Missouri contracts with seventeen (17) CAA’s, the Urban League of Metropolitan St. Louis, and Mid America Assistance Coalition (MAAC). In the event a contract agency is unavailable or unable to provide services within a specific geographic area, DSS will select an appropriate non-profit community-based social service agency to administer the LIHEAP.

In FFY 2019 DSS issued a Notice for Funding Opportunity (NFO) for Clay, Jackson and Platte counties in Missouri. This NFO was issued to solicit other potential non-profit providers for the Kansas City area. The Mid America Assistance Coalition (MAAC) was selected as the new LIHEAP provider for the Kansas City area.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating	<input checked="" type="radio"/>	Yes	<input type="radio"/>	No
Cooling	<input type="radio"/>	Yes	<input type="radio"/>	No
Crisis	<input checked="" type="radio"/>	Yes	<input type="radio"/>	No
Are there exceptions?	<input checked="" type="radio"/>	Yes	<input type="radio"/>	No

If yes, Describe.

Direct payments to an **applicant** will only be made under the following conditions:

- The energy supplier has not signed a contractual agreement with the State of Missouri to participate in the LIHEAP.
- The energy supplier refuses to serve a particular account holder.
- The energy supplier fails to accept or deny the LIHEAP payment by the required thirty (30) calendar day deadline.
- The applicant's home energy heat cost is included as an undesignated portion of their regular monthly rental charge.
- The applicant pays a landlord for the home energy heat cost that is not included in their rental agreement.
- Cylinder propane is used as the home energy heat source.
- Kerosene is used as the home energy heat source.
- Wood/wood pellets/corn pellets are used as the home energy heat source.

In these circumstances, the applicant is responsible for making the payment and negotiating directly with the Energy Supplier to resolve their energy bill.

If there is a need for additional assistance when a crisis exists, the contract agency must work with the energy supplier to determine how much is needed to maintain or restore services for at least thirty (30) days up to a maximum of \$800 for Winter Crisis and \$600 for Summer Crisis. The energy supplier must have a contractual agreement with the Department of Social Services (DSS) or the contract agency in order to provide a payment to the Energy Supplier because direct payments will not be made to the applicant for Energy Crisis Intervention Program (ECIP) payments.

9.2 How do you notify the client of the amount of assistance paid?

The Energy Assistance (EA) Eligibility Notice (EA-6) provides the client the amount of EA assistance paid to them directly or will be paid to the supplier. The EA-6 is mailed to the client when the application is determined eligible. Copies of the computer generated notification (EA-6) are included with the attachments to this state plan.

The Energy Assistance Payment Notice (EA-7) is mailed to the applicant after the payment is made to the supplier. It includes the date, amount of the payment, and the energy supplier paid. Copies of the computer generated notification (EA-7) are included with the attachments to this state plan.

When an ECIP payment is made to the energy supplier, the contract agency sends a client notification letter to the applicant which advises the applicant of the date, amount of payment, and name of the energy supplier.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The Low Income Home Energy Assistance Program (LIHEAP) Supplier Agreement between Missouri Department of Social Services, Family Support Division and Home Energy Supplier Agreement states the energy supplier, "Shall provide home energy fuels in the amount at least equivalent to the amount of pledge made by the State Agency on behalf of the eligible customer; restore and/or continue service during the service period covered by the payment for at least thirty (30) calendar days from the date of pledge made on behalf of the eligible customer for whom the Supplier has agreed to accept the LIHEAP pledge". In addition, states in part, "Shall credit, through normal billing process, the full amount of the LIHEAP payment received to an eligible customer's account".

A sample of the contracted energy suppliers is required to submit actual usage data on the previous year for every customer who

receives a payment from LIHEAP.

A copy of the Low Income Home Energy Assistance Program (LIHEAP) Supplier Agreement between Missouri Department of Social Services, Family Support Division and Home Energy Supplier is included with the attachments to this state plan.

Requirements in this document exceed those specified in the statute and apply to all LIHEAP (EA and ECIP). A written agreement must be executed with energy suppliers prior to any payments being issued to them.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The Low Income Home Energy Assistance Program (LIHEAP) Supplier Agreement between the Missouri Department of Social Services, Family Support Division and Home Energy Supplier Agreement states, "Shall not discriminate with regard to the terms or conditions of sale, availability of credit, delivery or price of home energy fuels offered to eligible customers in relation to its other residential customers".

Energy supplier complaints are referred to the Missouri Public Service Commission (PSC) for regulated suppliers and the Missouri Attorney General's Office (AGO) for unregulated suppliers.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

All expenditures of LIHEAP funds are made available under policy, procedures, rules and regulations by the Missouri Office of Administration, Department of Social Services, Division of Financial and Administrative Services and the Missouri Treasurer's Office. No expenditures for heating assistance payments for the Energy Assistance (EA) component of LIHEAP are made unless:

- The eligibility of the program participant has been established and updated to the centralized computer file, which performs numerous edits to validate the accuracy of the determination and determines the amount of assistance to be paid;
- The home energy supplier who is to receive payment on behalf of the household has entered into an agreement to participate in LIHEAP and has been added to the automated file of participating home energy suppliers; and
- The payment to be made to the home energy supplier or the eligible household has been prepared through our automated check writing system which performs numerous edits to assure the accuracy of the payment and the eligibility of the home energy supplier or household to receive the payment.

Funds provided to the contract agencies for the Energy Crisis Intervention Program (ECIP) component of LIHEAP are subject to the following conditions:

- No funds are released to a contract agency unless a signed written agreement which stipulates the purpose(s) for which those funds are expended, as well as several other conditions governing the expenditures of these funds;
- Contract agencies are required to submit monthly, as well as annual program/financial reports to document the expenditure of funds provided to them through LIHEAP;
- The State Auditor's Office audits the Family Support Division (FSD's) LIHEAP and makes the results of their audits available at <https://www.auditor.mo.gov>. These audits are scheduled and conducted by the State Auditor's Office (SAO) and are independent of DSS; and
- In accordance with Office of Management and Budget (OMB) Uniform Guidance Audits of States, Local Governments, and Non-Profit Organizations, each contract agency secures an external audit in order to comply with the Single Audit Act of 1984. Copies of these audit reports are provided to the Department of Social Services, Family Support Division, LIHEAP Unit, and Division of Finance and Administrative Services, Compliance Services Unit.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

11.4. How many parties commented on your plan at the hearing(s)? 1

11.5 Summarize the comments you received at the hearing(s).

Commenter: On behalf of the Missouri Community Action Network, I would like to thank the Department of Social Services, Family Support Division, for their efforts in the development of the FFY2020 Missouri State LIHEAP Plan. The Network does have two (2) comments

regarding the LIHEAP State Plan proposed by the State.

The Missouri Community Action Network recommends that the maximum poverty level for LIHEAP eligibility be increased from 135% FPL to 150% FPL. It is further recommended that this increased eligibility take effect October 1, 2019. The State of Missouri has seen a significant decrease in the number of LIHEAP applications received by LIHEAP sub-contract agencies over the past six (6) years. While there are many causes related to this decrease, the concern of the Missouri Community Action Network is that while individual pay rates have increased with the mandated increase of the state minimum wage as well as increases to social security benefits, LIHEAP eligibility has not increased. Many working families and senior citizens who once qualified for LIHEAP services now exceed the eligibility threshold. By increasing the eligibility level to 150% FPL, more at risk families and vulnerable citizens will be served with this vital resource.

For FFY2020, the Missouri Community Action Network recommends an increase in the Summer ECIP benefit from the current maximum level of \$300 to \$500. LIHEAP sub-contractors have seen a significant increase in the number of LIHEAP applications seeking summer ECIP services with needs that cannot be met with only \$300. This maximum summer benefit does not, in many cases, allow for the 30-day relief period of the crisis situation that brings LIHEAP customers to CAAs or LIHEAP providers for assistance. By increasing the summer ECIP benefit to \$500, fewer families will be turned away and less risk of heat-related injuries or death will occur.

The Missouri Community Action Network respectfully asked that these two recommendations be taken into serious consideration and included in the FFY20 State LIHEAP Plan.

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?

No changes made.

Documentation will consist of a signed and dated statement or SS-5 from the Social Security website or a Receipt for a Social Security Number (SSA-5028). The applicant must be advised to provide the statement, SSA-5028 or copy where it must be retained in the case record. The applicant must be advised to report the assigned Social Security Number once it is received. If the applicant does not provide documentation within the specified time frame, the application will be denied.

There are two exceptions to this requirement:

A tape match runs against the Social Security Administration (SSA) death inquiry database and identifies applicants or household members on a LIHEAP case who are deceased; allowing payments to be suspended and cases to be resolved in an attempt to prevent payments going to households with a deceased applicant or household member. This tape match and report are generated and reviewed weekly.

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. 3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of

the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
