2007 HEALTH CARE PROCEDURE CODING SYSTEM (HCPCS)

With the implementation of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Standards for Transactions and Code Sets, use of the appropriate medical code sets is required on health care claims.

Effective for dates of services on and after January 1, 2007, Missouri Medicaid will begin accepting the 2007 versions of the Current Procedural Terminology (CPT) and the Health Care Procedure Coding System (HCPCS) medical code sets. Providers will not be able to bill the 2007 versions of the code sets until January 15, 2007 due to time requirements to complete system updates. Providers should reference the appendix of the CPT and HCPCS books for a summary of the additions, deletions and revisions. For dates of service prior to January 1, 2007, claims must be billed with the 2006 version of CPT and HCPCS codes and modifiers.

Copies of the 2007 versions of the CPT and HCPCS books may be purchased from your local medical bookstore.

For Missouri Medicaid coverage information, including fees and restrictions, please reference the Missouri Medicaid Fee Schedule at <http://dss.missouri.gov/dms/providers/pages/cptagree.htm>. Select the provider link; fee schedules; read through the License for Use of Physicians' Current Procedural Terminology and select accept; then follow the directions given on the DMS Price List Search.
