#### 2005 HEALTH CARE PROCEDURE CODING SYSTEM (HCPCS)

With the implementation of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Standards for Transactions and Code Sets, use of the appropriate medical code sets is required on health care claims.

Effective for dates of service on and after January 1, 2005, Missouri Medicaid will begin accepting the 2005 versions of the Current Procedural Terminology (CPT) and the Health Care Procedure Coding System (HCPCS) medical code sets. Providers should reference the appendix of the CPT and HCPCS books for a summary of the additions, deletions and revisions. For dates of service prior to January 1, 2005, claims must be billed with the 2004 version of CPT and HCPCS codes and modifiers.

Copies of the 2005 versions of the CPT and HCPCS books may be purchased from your local medical bookstore.

For Missouri Medicaid coverage information, including fees and restrictions, please reference the Missouri Medicaid Fee Schedule at <http://dss.missouri.gov/dms/>. Select fee schedules; read through the License for Use of Physicians Current Procedural Terminology and select accept; then follow the directions given on the DMS Price List Search.

#### DURABLE MEDICAL EQUIPMENT PROGRAM BILLING REMINDER

If a Medical Necessity (MN), Oxygen and Respiratory Equipment Medical Justification (OREMJ) form, or Prior Authorization (PA), has been submitted under the 2004 procedure code, providers must still use the 2005 code and/or modifier to bill the item that was approved. Providers **do not** have to submit a change request to correct the approved PA or submit a new attachment.
