

# SmartPA Criteria Proposal

<b>Drug/Drug Class:</b>	Antipsychotics - 2 <sup>nd</sup> Generation (Atypical) Clinical Edit and Reference List
<b>First Implementation Date:</b>	November 24, 2015
<b>Proposed Date:</b>	December 16, 2021
<b>Prepared for:</b>	MO HealthNet
<b>Prepared by:</b>	MO HealthNet/Conduent
<b>Criteria Status:</b>	<input type="checkbox"/> Existing Criteria <input checked="" type="checkbox"/> Revision of Existing Criteria <input type="checkbox"/> New Criteria

## Executive Summary

**Purpose:** Ensure appropriate utilization and control of 2<sup>nd</sup> Generation (Atypical) Antipsychotics and to impose a state-specific open access reference drug list

**Why Issue Selected:** Atypical or 2<sup>nd</sup> generation antipsychotics are a class of antipsychotic drugs which may be used to treat a variety of psychiatric conditions including schizophrenia, bipolar disorder, depression, anxiety, insomnia, agitation, and aggression. The older typical or 1<sup>st</sup> generation antipsychotics have a significant potential to cause extrapyramidal side effects and tardive dyskinesia; atypical or 2<sup>nd</sup> generation antipsychotics have a lower likelihood of these symptoms and are now considered first line therapies. With the implementation of the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities (SUPPORT) Act, state Medicaid programs have new requirements regarding prescription drug utilization reviews, including a program to monitor and manage the appropriate use of antipsychotic medications (both typical and atypical).

Atypical or 2<sup>nd</sup> generation antipsychotics are consistently found on our quarterly top 25 drugs by cost. This edit does not restrict access to any atypical or 2<sup>nd</sup> generation antipsychotic but contains a reference product list. Agents on the reference product list are manufactured by pharmaceutical companies who offered a supplemental rebate to help MO HealthNet control spiraling drug costs. We encourage prescribing providers to use the reference products whenever possible.

**Program-Specific Information:**

Reference Oral & Transdermal Products	Non-Reference Oral & Transdermal Products

**Type of Criteria:**

- Increased risk of ADE  
 Appropriate Indications

- Reference Drug List  
 Clinical Edit

**Data Sources:**

- Only Administrative Databases

- Databases + Prescriber-Supplied

**Setting & Population**

- Drug class for review: 2<sup>nd</sup> Generation (Atypical) Antipsychotics
- Age range: All appropriate MO HealthNet participants aged 8 years and older

**Approval Criteria**

- Claim is within appropriate dosage limitations **AND**
- Participant is aged > 8 years **AND**
- Documented appropriate diagnosis **OR**
- Participant demonstrates compliance to prescribed therapy
- For Aristada Initio: documented history of ≥ 14 days of oral aripiprazole therapy in the past year
- For Invega Trinza: documented history of ≥ 4 months of Invega Sustenna therapy in the past 5 months
- **For Invega Hafyera:**
  - Documented history of ≥ 4 months of Invega Sustenna therapy in the past 5 months **OR**

- Documented history of ≥ 3 months of Invega Trinza therapy in the past 4 months
- For Nuplazid: documented diagnosis of hallucinations and delusions associated with Parkinson's disease psychosis

## Denial Criteria

- Therapy will be denied if all approval criteria are not met
- Participant is aged ≥ 18 years with documented history of > 2 concurrent antipsychotics (typical or atypical) for 60 of the past 90 days
- Participant is aged < 18 years with documented history of > 2 concurrent antipsychotics (typical or atypical) for 30 of the past 90 days
- Claim for Lybalvi: documented therapy with an opioid in the past 45 days
- Claim exceeds maximum dosing limitations on the following:

Drug Description	Generic Equivalent	Maximum Dosing Limitation
ABILIFY 1 MG/ML SOLUTION	ARIPIPRAZOLE	25 ML PER DAY
ABILIFY 2 MG	ARIPIPRAZOLE	2 TABLETS PER DAY
ABILIFY 5 MG	ARIPIPRAZOLE	2 TABLETS PER DAY
ABILIFY 10 MG	ARIPIPRAZOLE	1 TABLET PER DAY
