| Welcome, Introductions and Opening Remarks | Acting Chairman, Susan Abdel-Rahman, PharmD, called the meeting to order at approximately 10:10 a.m. A quorum was established. Mark Roaseau, facilitated the meeting on behalf of the MO HealthNet Division (MHD). No introductions or announcements were made. |
| Minutes Approval | Minutes of the April 18, 2012 meeting were reviewed and approved as submitted. |
| Pharmacy Program/Budget Update | Andrew Haslag provided a budget update. Mr. Haslag stated that there weren’t a lot of pharmacy issues for the Fiscal Year 13 budget. A significant amount of generic savings have been booked as several high profile drugs should be going generic over the next few months. In the past, the pharmacy benefit for the Blind Pension eligibles was in the MHD budget. Mr. Haslag stated the funding for this group has been moved out of the MHD budget, but MHD is still administering the program. Rhonda Driver reviewed the 5010 D.0 transaction change that went into effect for the entire nation on January 1, 2012; it is a CMS mandate. Ms. Driver stated that dedicated outreach has been done for at least two and half months to work with systems and software vendors to make sure that they are ready. From a MO HealthNet perspective, June 30 is the last day to send transactions using the old standard. Mark Roaseau discussed the ICD-10 conversion and stated that CMS is making a site visit in July with regards to ICD-10. Ms. Driver stated that there is a lot of code to remediate to prepare for the implementation to ICD-10. Ms. Driver also stated that the coding is hard and fast in MMIS and we have to figure out how to define some of those codes again so that everyone codes it the right way. Ms. Driver stated that the Health Home Initiative is still moving forward. |
| Review of Prior Authorization Meeting: | Copies of the agenda and draft minutes, including public hearing, from the June 21, 2012 Drug Prior Authorization Committee Meeting were included in the members’ meeting packet. |
| Voting on a Chair | Susan Abdel-Rahman nominated Sandra Bollinger. Sandra Bollinger nominated Susan Abdel-Rahman. Susan Abdel-Rahman nominated Stacy Mangum. Susan Abdel-Rahman received four votes, Stacy Mangum received two votes. Sandra Bollinger received one vote. Susan Abdel-Rahman is the new DUR Board Chair. |
| Implementation Schedule | An updated copy of the Proposed Implementation Schedule for Edits, including PDL classes was included in the Members’ meeting packet and provided as a handout to all attending. The schedule had been updated with all edits approved at the last quarter’s meetings which included and annual PDL implementation. This schedule may be found on the MHD web page at http://dss.missouri.gov/mhd/cs/pharmacy/pdf/impsched.pdf |
| New Drug Review | ● Discussion - Drug monographs were available for review at http://www.heritage-info.com/mocaidrx for all new products reviewed this quarter (identified by First Data Bank in January, February, and March 2012). A listing of products recommended for open access, clinical edit, as a PDL product or for continued prior authorization was provided in the Members’ meeting packet for discussion and action. This listing was also provided as a handout (see meeting packet) to all attending. Ms. Driver reviewed |
the MHD recommendations for products whose review was completed this quarter.

- **Decision** – In the interest of time the Board agreed to block these and the Preferred Drug List (PDL) recommendations into one inclusive vote, pulling out any issues that might require separate discussion. New Drug recommendations were included in this block vote and approved as submitted. (See Roll Call Vote)
