### Executive Summary

**Purpose:** To allow a consistent and streamlined authorization process for urological supplies.

**Why was this Issue Selected:** Senate Bill 577 passed by the 94th General Assembly directs MO HealthNet to utilize an electronic web-based system to authorize Durable Medical Equipment using best medical evidence and care and treatment guidelines, consistent with national standards to verify medical need.

**Procedures subject to Pre-Certification**

- A4310 - Insertion tray without drainage bag; and without catheter
- A4311 - Insertion tray without drainage bag; with indwelling catheter, foley type, two-way latex with coating
- A4312 - Insertion tray without drainage bag; with indwelling catheter, foley type, two-way, all silicone
- A4313 - Insertion tray without drainage bag; with indwelling catheter, foley type, three-way, for continuous irrigation
- A4314 - Insertion tray with drainage bag; with indwelling catheter, foley type, two-way latex with coating
- A4315 - Insertion tray with drainage bag; with indwelling catheter, foley type, two-way, all silicone
- A4316 - Insertion tray with drainage bag; with indwelling catheter, foley type, three-way for continuous irrigation

**Setting & Population**
MHD fee-for-service participants under age 21.

**Approval Criteria**

1. The criteria for urological supplies within quantity limitation is met (there is a pending or approved pre-certification); and

2. Justification of the medical necessity via submission of a help ticket or a phone call to the help desk at 800-392-8030.

**Denial Criteria**

The approval criteria are not met.

**Quantity Limitation**

Determined through consultant review.

**Approval Period**

The lesser of the authorized prescriber-specified length of need.

**Appendix A: Potential Questions for Step 1 and Step 2**

**The following questions may be encountered as part of the approval and denial criteria. Depending on the patient’s history and the way previous questions may be answered, not every question may be asked for every patient.**

1. Was an approval or pending approval obtained for urological supplies within the normal limits?
2. Does the patient require urological supplies beyond the normal limit?
