

SmartPA Criteria Proposal

Drug/Drug Class:	Out-of-State, Non-Bordering Pharmacies Fiscal Edit
First Implementation Date:	April 29, 2021
Revised Date:	May 5, 2022
Prepared for:	MO HealthNet
Prepared by:	MO HealthNet/Conduent
Criteria Status:	<input type="checkbox"/> Existing Criteria <input checked="" type="checkbox"/> Revision of Existing Criteria <input type="checkbox"/> New Criteria

Executive Summary

Purpose: To encourage dispensing medications in Missouri when medications are available in Missouri or a bordering state to Missouri.

Why Issue Selected: MO HealthNet defines an out-of-state, non-bordering pharmacy as any pharmacy found in a state that does not physically border Missouri. Many of these pharmacies have exclusive rights to distribute medication through a limited or exclusive distribution arrangement between a drug manufacture and the pharmacy. Due to the increased number of dispensed medications by out-of-state, non-bordering pharmacies, MO HealthNet has discovered these pharmacies are distributing medications outside of their limited distribution networks. When medications are filled by an out-of-state, non-bordering pharmacy, Missouri is deprived of the tax revenue that would be generated if these claims were to be dispensed within Missouri.

With this edit, the provider enrollment process will be changing to require documentation confirming the limited or exclusive distribution arrangement(s) between a drug manufacture(s) and the applying pharmacy. If approved, the out-of-state, non-bordering pharmacy is then restricted to dispense the approved limited distribution drug(s) listed within their enrollment acceptance letters. For medications which require co-prescribing of injectable epinephrine to initiate therapy, MO HealthNet will allow the out-of-state, non-bordering pharmacy to submit a claim for reimbursement.

Type of Criteria: Increased risk of ADE Preferred Drug List
 Appropriate Indications Fiscal Edit

Data Sources: Only Administrative Databases Databases + Prescriber-Supplied

Setting & Population

- Drug class for review: Prescription drug products dispensed by an out-of-state, non-bordering pharmacy
- Age range: All appropriate MO HealthNet participants
