

State Missouri

Method establishing payment rates for case management services for developmentally disabled individuals.

The state agency will reimburse Targeted Case Management providers at a fee-for-service rate. A single, statewide fee schedule rate is established for the 5-minute unit. Except as otherwise noted in the state plan, the state-developed fee schedule rate is the same for both governmental and private providers of rehabilitative services offered by TCM providers (as detailed in Section 3.1-A of the state plan).

To develop the fee schedule rate, the following key cost components were considered:

- A. Staff wages
- B. Employee benefits and other employee-related expenses
- C. Productivity
- D. Other service-related expenses
- E. Administrative expenses.

To model the cost components, various market data sources were reviewed including Bureau of Labor Statistics, Missouri-specific staff wages and benefits, and Missouri TCM provider experience. The market assumptions for each cost component were factored together to develop an overall hourly rate, which was then converted to a 5-minute unit. Rates may be adjusted prospectively based on State budget appropriations or programmatic changes.

The State re-examines the rate at least once every five years. At any time during the five-year period, reevaluation of the rate is considered as warranted based upon provider inquiries, service access and budgetary considerations. The TCM procedure codes and the Medicaid fee schedule are published on the MO HealthNet website at <https://dss.mo.gov/mhd/providers/fee-for-service-providers.htm> and are effective for services provided on or after July 1, 2020.
