## **Public Notice of MO HealthNet Global Per Diem Adjustments to Nursing Facility and HIV Nursing Facility Reimbursement Rates Methodology**

May 18, 2022

Pursuant to Sections 1902(a)13(A) of the Social Security Act and 42 Code of Federal Regulations (CFR) 447.205, which mandate that proposed changes in statewide Medicaid payment methods and standards for setting Medicaid payment rates be published and made available for review and comment, this is to advise that:

1. The Missouri Department of Social Services provides notice of the following:

To ensure efficiency, economy, quality of care, and access, the Missouri Medicaid State Plan (Prospective Reimbursement Plan for Nursing Facility Services section and Prospective Reimbursement Plan for HIV Nursing Facility Services section) is being amended under State Plan Amendment (SPA) Transmittal Number 22-0024. The MO HealthNet Division (MHD) is modifying the reimbursement plan for nursing facility and HIV nursing facility services to provide for the continuation of the SFY 2022 per diem increase to nursing facility and HIV nursing facility per diem reimbursement rates of ten dollars and eighteen cents (\$10.18) that was implemented for dates of service beginning July 1, 2021. This amendment will continue to provide additional reimbursement to nursing facilities for increases in costs associated with staffing, supplies, social distancing standards, and other factors due to the COVID-19 national emergency. The reimbursement change is contingent upon approval by the Centers for Medicare and Medicaid Services (CMS).

The amendment results in a fiscal impact to nursing facility reimbursement and hospice reimbursement. Hospice reimbursement is impacted because reimbursement for hospice nursing home room and board services is based on the nursing facility per diem rate.
