

**Public Notice**  
**August 26, 2022**

Pursuant to the provisions of Title 42 Section 441.304(f), Code of Federal Regulations, public notice is given regarding the submission of amendments for the Comprehensive, Community Support, Partnership for Hope, and Missouri Children with Developmental Disabilities Waiver amendments. The purpose of these waiver amendments is to add enhanced Value Based Payments for services provided by Department of Mental Health waiver providers, revise the Environmental Accessibility Adaptations Home/Vehicle Modification maximum limit, and revise the direct support professional qualifications, pending Centers for Medicare and Medicaid Services (CMS) approval. Current waiver participants will not lose eligibility or waiver participation with this amendment.

The Centers for Medicare and Medicaid Services (CMS) requires states to obtain public input during the development of a waiver (or a waiver renewal or a waiver amendment with substantive changes). Stakeholders are being asked to provide public input and comment in order to allow Missouri to submit these two waiver renewal applications. Please see complete draft of the waiver amendment applications on the MO HealthNet website at [MO HealthNet Alerts & Public Notices](#).
