Public Notice Regarding Outpatient Direct Medicaid Payment

June 30, 2022

Pursuant to Sections 1902(a) 13(A) of the Social Security Act, 42 Code of Federal Regulations (CFR) 447.205 which mandate that proposed changes in statewide Medicaid payment methods and standards for setting Medicaid payment rates be published and made available for review and comment, this is to advise that:

1. The Missouri Department of Social Services provides notice of the following:

The State Plan Amendment Attachment 4.19-B is amended, effective beginning July 1, 2022, the MO HealthNet Division (MHD) is adding language for the calculation of the outpatient Direct Medicaid Payment. The MHD estimates a total cost of $40.4 million in expenditures as a result of this change.

I. Outpatient Direct Medicaid Payment

A. In-state hospitals receive an outpatient Direct Medicaid payment to account for the outpatient cost of the Federal Reimbursement Allowance (FRA) assessment attributable to Medicaid participants.

B. The Medicaid share of the outpatient FRA assessment will be calculated by dividing the hospital’s outpatient Medicaid charges by the total outpatient hospital charges from the third prior year cost report to arrive at the Medicaid utilization percentage. This percentage is then multiplied by the outpatient FRA assessment for the current SFY to arrive at the increased allowable Medicaid cost for the outpatient FRA assessment.

C. The annual outpatient Direct Medicaid Payment will be calculated for each hospital at the beginning of each state fiscal year (SFY). The annual amount will be processed over the number of financial cycles during the SFY.
