573-441-2131/800-322-6027 (Provider Relations)

No current managed care enrollees or families will lose eligibility or coverage as a result of this contract award. Most of the current enrollees will be able to maintain access to their current primary care providers, specialists, clinics, and hospitals.

Enrollees will be offered a choice of managed care health plans during an open enrollment period from April 19 - June 16. An enrollment packet will be mailed to individuals eligible for coverage prior to the beginning of open enrollment containing a description of benefits, the Managed Care health plans available in their area of the State, and information on how to choose a primary care provider.

A toll-free, Managed Care enrollment help line is available 8 a.m. to 5 p.m., Monday through Friday. Trained Enrollment Counselors provide support for current and potential enrollees regarding all aspects of the enrollment process. The enrollment broker phone number is 1-800-348-6627.

Providers contracted with current MO HealthNet Managed Care health plans may contact those health plans if they have questions regarding how the new contract awards may affect them.
