ADA Treatment Referral Sources for Pregnant Women Under MO HealthNet Managed Care

FY 2011 Report - First Quarter
(July 1, 2010 - September 30, 2010)

Referral Source categories based on CIMOR definitions.

* Two additional **Referral Source** categories were added to CIMOR in November 2010, in order to capture referrals received from managed care providers (i.e., Managed Care Health Plan [MCHP], Managed Behavioral Health Organization [MBHO]). A CIMOR priority alert was sent to ADA treatment providers notifying of this update.

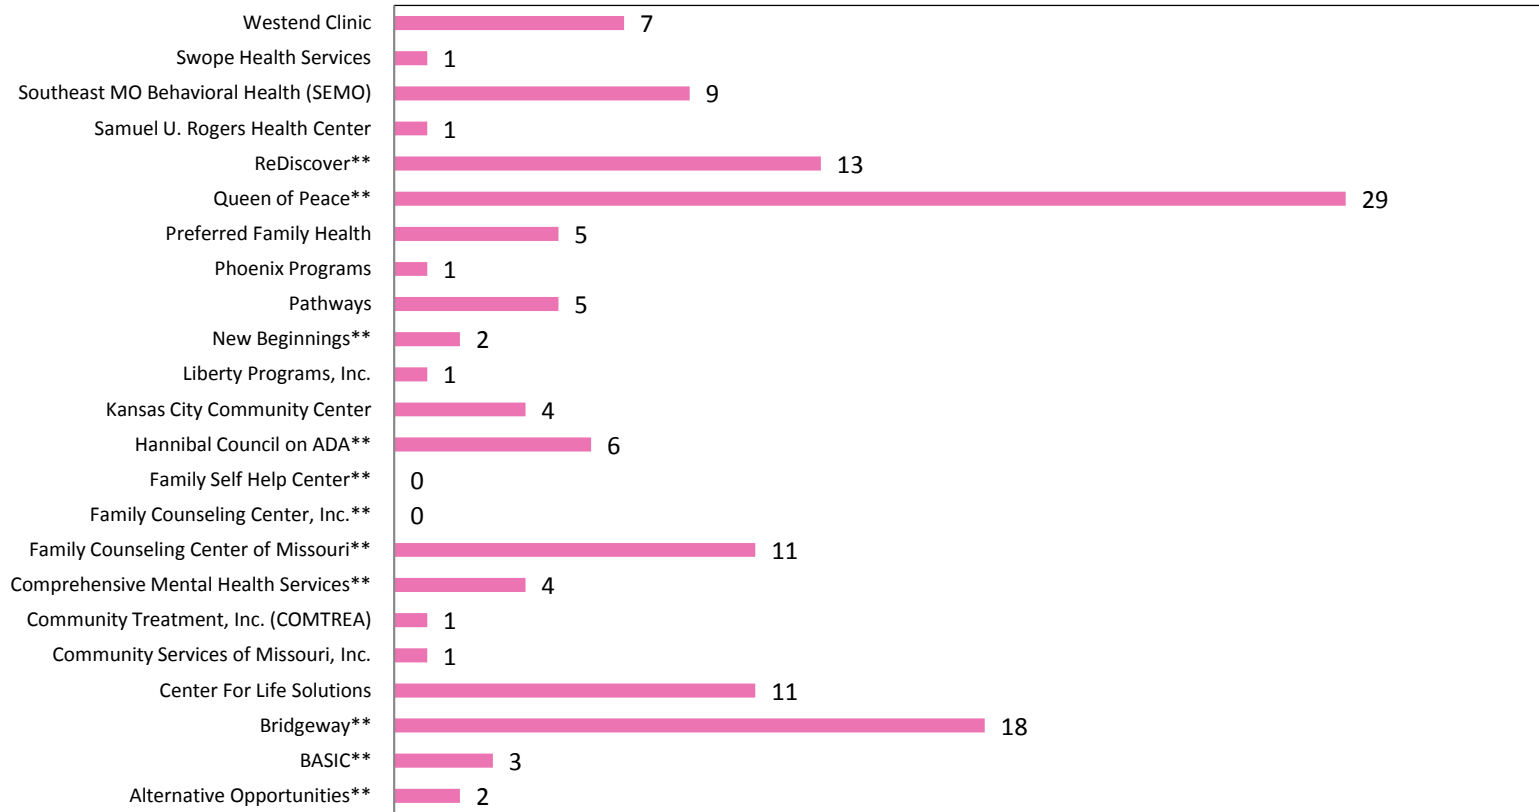

Exceptions:

(1) Referrals received from Department of Corrections (DOC) will override referrals from managed care providers if both entities are identified as referral sources for the same consumer;

(2) For consumers enrolled in the Disease Management program, the referral source category in CIMOR will automatically populate as "Disease Management" regardless of the referral source entered.
