MO HealthNet Managed Care Request for Proposal Update

1. The RFP was released on April 29, 2016 by Oversight and Administration, Division of Purchasing.
2. A Pre-Proposal Conference was held on June 1 to provide bidders the opportunity to ask clarifying questions to MO HealthNet staff and the state's contracted actuary.
3. Extension of due date for bids from July 1 to August 1
 - Extended from July 1 to August 1 due to an error in the Data Book
 - RFP Addendum #004 includes a letter from Mercer defining the issue
 - Only affects some rate cells for the RFP; does not affect current rates
 - Anticipated reissue date of the Data Book and rates is early in the week of July 11
 - Since impact of error is limited and bidders do not offer a rate (they have to accept what Legislature appropriates) an additional 2+ weeks is sufficient time
4. Evaluation of Bids-August and September
5. Contract Award-October 1 (No plans to change this date.)
6. Open Enrollment Begins-January 20
7. Open Enrollment Ends/Auto Assignments Begin-April 14
8. Services Begin-May 1, 2017
