## Show Me Healthy Kids

The Show Me Healthy Kids (SMHK) Managed Care Health Plan began on July 1, 2022 and provides coordinated medical and behavioral health care services for certain children and youth in Missouri. MHD has moved eligible children into one health care plan – SMHK managed by Home State Health. The SMHK health plan includes the same healthcare coverage as the MO HealthNet fee-for-service (commonly known as straight Medicaid) and other Medicaid managed care plans plus additional benefits specifically designed for the eligible population.

# SMHK Background, Mission and Goals

Specialized Managed Care for youth who are in DSS custody, former foster children and individuals receiving adoption and guardianship subsidies.

The initiative was to implement a specialty care plan for these youth and to establish a more integrated approach to meeting the physical and behavioral health needs of the members.

# Show Me Healthy Kids Services

## Launch of the MO HealthNet Division Show Me Healthy Kids (SMHK) Webpage

October 12, 2022

The MO HealthNet Division (MHD) launched a dedicated webpage for the Home State Health Show Me Healthy Kids (SMHK) managed care health plan. SMHK is a specialized health plan that provides integrated medical health, behavioral health, and care management services to children and youth in the care of the state, receiving adoption or guardianship subsidy assistance, or persons under age 26 formerly in foster care. The MHD SMHK webpage provides a brief overview of the health plan, covered services, member support services, and external links to the Home State Health member handbook and member resources (e.g., online provider directory). Please visit <https://mydss.mo.gov/smhk> to learn more about the SMHK managed care health plan.

## PROVIDER RESOURCE GUIDE

### MO HealthNet: Missouri's Medicaid Program

The MO HealthNet Division (MHD) provides health care access to low income individuals that are elderly, disabled, and members of families with dependent children, children in low-income families, uninsured children, pregnant women, refugees or children in state custody.

Services are received through a Fee-For-Service (FFS) or Managed Care (MC) delivery system.

The **MO HealthNet FFS** program serves eligible participants with disabilities, seniors, blind and visually impaired and women with breast or cervical cancer. All MO HealthNet providers may serve MO HealthNet FFS participants. Participants may freely choose which MO HealthNet provider they go to for care under the FFS delivery system.

The **MO HealthNet MC** program serves eligible children, pregnant women, newborns, uninsured women and families in every Missouri county. MO HealthNet MC participants may be seen by any MO HealthNet FFS provider until their enrollment is effective in a MO HealthNet **MC health plan**. MO HealthNet MC participants must select a health plan and a Primary Care Provider (PCP) within the MC health plan. MC providers may refer the participants to other providers based on the care needed.

**MO HealthNet for Kids** refers to the statewide program for children in low-income families, uninsured children through Children's Health Insurance Program (CHIP) and children in the custody of the state. Children receive a full comprehensive package including primary, acute, preventive care, hospital care, dental, prescriptions, and vision. They receive their care through the MC delivery system, unless they have opted out of MC. For information on opting out, refer to the [criteria](#).

The **CHIP Premium Group** is health insurance for uninsured children who must be under age 19, have a family income of 150+ to 300% of the federal poverty level, and have no access to affordable health insurance. Questions about premiums should be directed to the Participant Services Unit at (800) 392-2161.

Providers can determine eligibility and which program participants are in online at [eMOMED](#) or by calling the Interactive Voice System (IVR) at 573-751-2896, Option 1.

Review the [Information for Providers](#) website and [Frequently Asked Questions](#) for more information on MHD.

## Third Party Liability

MO HealthNet is the payer of last resort when there is the possibility of a third party resource for the payment of a participant's claims. MO HealthNet is not obligated to pay for a participant's medical expenses until other resources have been considered. This is referred to as a Third Party Liability (TPL). TPL is often referred to as the "other payer."

# Examples of Third Party Liability:

- |   |   |    |   |
|---|---|----|---|
| 1 | Automobile – Medical Insurance              | 7  | Medical Support Obligations                                 |

# The Purpose of TPL

A red piggy bank with white polka dots is shown from a side profile, resting on a wooden surface. Several coins are scattered in front of its base. The background is a warm, out-of-focus brown.

## MO HealthNet is the Payer of Last Resort

The purpose of TPL is to offset or recover costs to the State of Missouri. MO HealthNet funds are used after all other potential resources available to pay for the medical service have been exhausted. This ensures that tax dollars are not used when another payer is responsible for all or a portion of the medical charges.

**It is to the provider's benefit to bill the liable TPL before billing MO HealthNet because many resources pay in excess of the maximum MO HealthNet allowable amount.**

# Does My Patient Have TPL?

When checking a participant's eligibility in [eMOMED](#) there is information provided about known possible insurance coverage. **This information does not guarantee the insurance(s) listed are the only resources available, nor does it guarantee the coverage is currently active.** If the participant has not updated the Family Support Division of changes, the information in eMOMED may not be accurate.

## Participant with Commercial Insurance and Managed Care

The example above shows the participant has a commercial insurance (Cigna) and a MO HealthNet Managed Care plan. The provider would need to bill the Commercial insurance first (Cigna) then the Managed Care health plan.

# Missing or Incorrect TPL Information

Whether the participant is enrolled in Fee-for-Service or a MO HealthNet Managed Care health plan, providers should report missing or incorrect TPL information to MO HealthNet utilizing the [Insurance Resource Report \(TPL-4\)](#). Once completed, this form should be emailed to the Third Party Liability Unit at [TPL.Database@dss.mo.gov](mailto:TPL.Database@dss.mo.gov).

Providers may also contact the Third Party Liability Unit by calling (573) 751-2005 for additional information.
