Provider Information Page

The screenshot shows the Missouri Department of Social Services website. The header includes the department's name, navigation links (Home, Children, Families, Health Care, Youth, Find Offices), and social media icons. The main content area is titled "Information for Providers" and includes a "Frequently Asked Questions" button. Below this, there is a section for "Choose your category" with two options: "Fee-For-Service Providers" and "Managed Care Providers". Each option has a grid of images and a list of services.

Information for Providers

Missouri's Medicaid program is called MO HealthNet. MO HealthNet covers qualified medical expenses for individuals who meet certain eligibility requirements. Depending on the type of coverage they qualify for, participants will get their services through the MO HealthNet Managed Care Program or the MO HealthNet Fee-For-Service Program. Providers may choose to enroll with one or both of these programs:

- **Fee-For-Service** – Fee-For-Service Providers must be enrolled in the MO HealthNet program to provide medical services. Those who participate in the MO HealthNet Program agree to accept MO HealthNet payment as reimbursement in full for any services provided to MO HealthNet participants.
- **Managed Care** – Providers who would like to offer services through the MO HealthNet Managed Care Program should contract with a MO HealthNet Managed Care health plan directly. Services are provided in accordance with the terms and conditions of the contract between MO HealthNet and the MO HealthNet Managed Care health plans. Participants enrolled in MO HealthNet Managed Care get their services through the health plan's provider network. The health plan network may include providers not enrolled in the Fee-For-Service Program.

Managed Care Providers

[home](#) » [mo healthnet division](#) » [providers](#) » managed care providers

If you provide services to kids, pregnant women & newborns, uninsured women, and families who get their health care services through MO HealthNet, you can provide services through the MO HealthNet Managed Care Program.

MO HealthNet Managed Care services are provided in accordance with the terms and conditions of the contract between MO HealthNet and the Managed Care health plans. Managed Care participants get their services through the health plan's provider network. A participant cannot be billed for the difference between the MO HealthNet payment and the provider's billed charges, sometimes called "budget billing."

If you would like to contract with a Managed Care health plans you should contact the health plan directly. You will need to sign a contract with them to be considered in network for that health plan. Providers are not currently required to enroll with MO HealthNet to serve members through the Managed Care health plans but are encouraged to do so.

Listed below are the different MO HealthNet Managed Care health plans participants can choose from. Each health plan provides services in every Missouri County. All MO HealthNet Managed Care health plans are required to offer the same **services and benefits** .

- Always choose passwords that are difficult for others to guess. You can change your password on the "My Account" screen after you log in.
- Never give your user name and password to others because it could be used without your knowledge.
- Never leave patient information unprotected on the computer screen while you step away.
- Place all printed documents containing patient information in secure storage or shred them daily to prevent accidental disclosure.
- Obey the golden rule: always handle information about your patients with the same care that you expect from your own physician.

Telemedicine

- Most claims for services provided at the **Distant Site** (where the health care provider is located) are to be billed with the appropriate Current Procedural Terminology (CPT) code for the service along with place of service 02. Exceptions to this include:
 - Claims for Distant Site services provided on school grounds should be billed with the appropriate CPT code for the service along with place of service 03 and a GT modifier.
 - Providers delivering behavioral health services via telemedicine, for participants located in a residential or inpatient place of service (Place of service codes 14, 21, 33, 51, 55, 56 or 61), must bill with the GT modifier and with the place of service where the participant is physically located.

MO HealthNet Missouri's Medicaid Program

The MO HealthNet Division provides health care access to low income individuals that are elderly, disabled, members of families with dependent children, children in low-income families, uninsured children, pregnant women, refugees, or children in state custody. Participants are categorized into Medical Eligibility (ME) groups based on their specific factors.

Adult participants in ME categories for Aid to the Blind or pregnant women programs receive a full comprehensive benefit package including: primary, acute and preventive care, hospital care, dental, prescriptions, and vision. All other adult participants receive a limited benefit package of services depending on their ME category.

Services are received through a Fee-For-Service (FFS) or Managed Care delivery system. Providers can determine which program participants are in by calling the Interactive Voice System (IVR) at 573-751-2896 and using option "1" or online at EMOMED.

MO HealthNet Programs

The MO HealthNet FFS program serves eligible participants with disabilities, seniors, blind and visually impaired and women with breast or cervical cancer. All MO HealthNet providers may serve MO HealthNet FFS participants. Participants may freely choose which MO HealthNet provider they go to for care under the FFS delivery system.

The MO HealthNet Managed Care program serves eligible children, pregnant women and newborns, uninsured women and families in all Missouri counties. MO HealthNet Managed Care participants may be seen by any MO HealthNet FFS provider until their enrollment is effective in a MO HealthNet Managed Care health plan. MO HealthNet Managed Care participants must select a health plan and a PCP within the Managed Care health plan. Managed Care providers may refer the participants to other providers based on care needed.

MO HealthNet for Kids refers to the statewide program for children in low-income families, uninsured children through CHIP, and children in the custody of the state. Children receive a full comprehensive package including primary, acute, preventive care, hospital care, dental, prescriptions, and vision. They receive their care through the Managed Care delivery system, unless they have opted out of Managed Care. Please refer to the [criteria](#) for opting out.

The Children's Health Insurance Program (CHIP) Premium Group is health insurance for uninsured children who must be under age 19, have a family income 150 to 300% poverty, are uninsured, and have no access to affordable health insurance. These children receive the full comprehensive package; however, they are not eligible for non-emergency medical transportation.

Questions about premiums should be directed to the Participant Services Unit at 1-800-392-2161.
