2015 HEALTH CARE PROCEDURE CODING SYSTEM (HCPCS)

The implementation of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Standards for Transactions and Code Sets requires the use of the appropriate medical code sets on health care claims.

Effective for dates of service on and after January 1, 2015, the MO HealthNet Division (MHD) will accept the 2015 versions of the Current Procedural Terminology (CPT) and the Health Care Procedure Coding System (HCPCS) medical code sets. Please note that providers may now bill the 2015 versions of the code sets as system updates are complete. Providers should reference the appendix of the CPT and HCPCS books for a summary of the additions, deletions and revisions. For dates of service prior to January 1, 2015, claims must be billed with the 2014 version of CPT and HCPCS codes and modifiers.

For MHD coverage information, including fees and restrictions, please reference the MHD Fee Schedule at <http://dss.mo.gov/mhd/providers/pages/cptagree.htm>. Select the provider link; fee schedules; read through the License for Use of Physicians' Current Procedural Terminology and select "accept"; then follow the directions given on the MHD Price List Search.

2015 DRUG SCREENING TESTS 80300 - 80377 (63 CODES)

These codes represent various drug screening codes, many of which are specific to individual drug testing. CMS is creating temporary alphanumeric G codes to replace some of the 2014 CPT codes that are being deleted for 2015.

MO HealthNet is covering the new drug screening G codes.
