Description

The Medically Fragile Adult Waiver (MFAW) program provides service coordination and authorization for medically necessary services to MO HealthNet participants with serious and complex medical needs, who have reached the age of 21 and are no longer eligible to receive services through the Healthy Children and Youth (HCY) program. Individuals must require medical care equivalent to the level of care received in an intermediate care facility, have been eligible for private duty nursing through the HCY program and not be enrolled in another waiver. Authorized services may include waiver attendant care, in-home nursing care, skilled nursing visits and specialized medical supplies.

Waiver Attendant Care Outside the Home

Waiver attendant care is above and beyond the limitations for Missouri State Plan personal care service. Missouri State Plan personal care services will be utilized for care required in the home *until exhausted*. Once Missouri state plan Personal Care services are exhausted, waiver attendant care services may be utilized for care in the home and outside the home in the performance of normal life activities by waiver participants when medically necessary. The scope and nature of these services do not differ from Missouri State Plan personal care services with the exception that waiver attendant care *can* be provided outside the home. The provider qualifications specified under the Missouri State Plan apply.

Private Duty Nursing Care Outside the Home

Participants who require and are authorized to receive private duty nursing in the home may utilize their approved services outside the home during the hours when their normal life activities take them outside the home setting with the consent of the responsible party(ies). The nurse may accompany the participant but may *not* drive. It is *not* permissible for private duty nursing to be authorized for activities outside the home unless the participant is actually receiving private duty nursing services at home.

Place of Service Coding

When billing for services outside the home, Place of Service code "99" "Other place of service" should be used.

Provider Bulletins are available on the MO HealthNet Division (MHD) (Formerly the Division of Medical Services) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>. Bulletins will remain on the Provider Bulletins page only until incorporated into the [provider manuals](#) as appropriate, then moved to the Archived Bulletin page.

MO HealthNet News: Providers and other interested parties are urged to go to the MHD Web site at <http://dss.mo.gov/mhd/global/pages/mednewssubscribe.htm> to subscribe to the electronic mailing list to receive automatic notifications of provider bulletins, provider manual updates, and other official MO HealthNet communications via E-mail.

MO HealthNet Managed Care: The information contained in this bulletin applies to coverage for:

- MO HealthNet Fee-for-Service
- Services not included in MO HealthNet Managed Care

Questions regarding MO HealthNet Managed Care benefits should be directed to the patient's MO HealthNet Managed Care health plan. Before delivering a service, please check the patient's eligibility status by swiping the MO HealthNet card or by calling the Provider Communications Interactive Voice Response (IVR) System at 573-751-2896 and using Option One for the red or white card.
