Telehealth: Originating Site Reimbursement for Rural Health Clinics (RHC) & Federally Qualified Health Centers (FQHC)

CONTENTS

Billing and Reimbursement for Telehealth Procedure Code Q3014 Rate Update

For dates of service on or after July 1, 2018, the originating site reimbursement rate is \$15.39. Effective for dates of service on or after July 1, 2018, **FQHC providers must bill no more than \$16.73** in order to receive the \$15.39 maximum reimbursement. The MO HealthNet Division (MHD) will reprocess claims paid for dates of service on or after July 1, 2018. Please check your future remittance advice statements for rate adjustments.

The MHD will reimburse the lower of the provider's billed charge or the maximum allowable amount for the date of service billed for fee for service claims. Providers may not bill the MHD at a higher rate than they charge their private-pay patients.

RHCs, both provider-based and independent, must continue to bill Telehealth services using their **non-RHC** provider number when operating as an originating site or distant site.

FQHC providers must leave the Rendering Provider ID field (24j on CMS-1500) blank on their claims when billing the Q3014 originating site facility charge. FQHC providers must also remove charges and payments for Telehealth services from their year-end cost reports.

Managed Care enrolled providers should contact their Managed Care Organization for questions regarding telehealth/telemedicine billing and reimbursement.

Provider Bulletins are available on the MO HealthNet Division (MHD) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>.
