2019 HEALTHCARE COMMON PROCEDURE CODING SYSTEM (HCPCS)

Effective for dates of service on and after January 1, 2019, the MO HealthNet Division (MHD) requires the 2019 versions of the Current Procedural Terminology (CPT) and the HCPCS medical code sets. Providers should reference the appendix of the CPT and HCPCS books for a summary of the additions, deletions and revisions. For dates of service prior to January 1, 2019, claims must be billed with the 2018 version of CPT and HCPCS codes and modifiers.

HCPCS codes that were deleted by Centers for Medicare & Medicaid Services (CMS) for 2019 are not payable for dates of service January 1, 2019 and after and will be denied. Claims that are submitted and paid for dates of service January 1, 2019 and after using deleted codes for 2018 may be recouped by the MHD. Providers may now resubmit/adjust claims for proper payment using the corrected 2019 HCPCS codes. If you have questions concerning how to submit a claim adjustment, please contact Provider Communications at 573-751-2896.

For MHD coverage information, including fees and restrictions, please reference the MHD Fee Schedule at: <https://dss.mo.gov/mhd/providers/pages/cptagree.htm>. Read through the License for Use of Physicians' CPT and select "accept"; then follow the directions given on the MHD Price List Search. The fee schedule will not be updated until mid-February after the HCPCS system updates are completed.

Provider Bulletins are available on the MO HealthNet Division (MHD) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>. Bulletins will remain on the Provider Bulletins page only until incorporated into the [provider manuals](#) as appropriate, then moved to the Archived Bulletin page.

MO HealthNet News: Providers and other interested parties are urged to go to the MHD Web site at <http://dss.mo.gov/mhd/> to subscribe to the electronic mailing list to receive automatic notifications of provider bulletins, provider manual updates, and other official MO HealthNet communications via E-mail.
