

In order to allow additional Personal Care Service providers to participate in a virtual stakeholder meeting introducing Sandata Technologies as Missouri's EVV Aggregator Solution (EAS) vendor, a second meeting has been scheduled. The presentation will have the same content as stakeholder meeting hosted on July 26, 2021 and will clarify the process for integration with the EAS. There will also be an opportunity for questions regarding implementation of the EAS. This meeting's intended audience is Personal Care Service providers. To join the meeting, click on the link below approximately ten minutes before the scheduled start time.

August 2, 2021

2:00 pm – 3:00 pm
