

**Personal Care Service (PCS) Provider  
Supplemental Training Information  
Electronic Visit Verification (EVV) Aggregator System (EAS)**

In order for you and your EVV vendor to receive EAS log-in information, a representative from each PCS provider must take the Learning Management System (LMS) aggregator training. All training is free to the PCS provider.

[Click here for LMS aggregator training.](#)

This supplemental information is provided to assist you in understanding the Missouri-specific EAS implementation.

<b>Key Terms</b>	
<p><b>Alt EVV or Alternate System</b></p> <p>This is another term for the Missouri EVV vendors.</p>	<p>This term may be found in the PCS providers' LMS training and other EAS documentation.</p>
<p><b>Authorizations</b></p> <p>Missouri is not currently implementing claim authorization and validation. This is anticipated to be implemented at a future date.</p>	<p>Not applicable at this time.</p>
<p><b>Bill Hours/Do Not Bill</b></p> <p>Missouri is not currently implementing the claims validation and billing functions. This is anticipated to be implemented at a future date.</p>	<p>Not applicable at this time.</p>
<p><b>Caregiver/Employee Identification</b></p> <p>The Family Care Safety Registry (FCSR) number will be used as the consistent number to identify PCS caregivers. This number is required. PCS providers must have the number assigned to employees by the FCSR. For more information visit <a href="https://health.mo.gov/safety/fcsr/lawsregs.php">https://health.mo.gov/safety/fcsr/lawsregs.php</a> and <a href="#">Caregiver Identifier EVV Bulletin</a>.</p>	<p>Displayed as the Employee ID # in the EAS system screens.</p> <p>You can find this field and search based off this number by selecting the Hide Advanced Filter Options in the Visit Review.</p>
<p><b>Client</b></p> <p>An individual who is receiving Medicaid-funded PCS provider services. A client may also be called a participant in Missouri.</p>	<p>This term may be found in the PCS providers' LMS training, other EAS documentation, and the EAS system screens.</p>
<p><b>Client ID #</b></p> <p>The Client ID# is a Missouri-specific Departmental Client Number (DCN).</p>	<p>This term may be found in the PCS providers' LMS training, other EAS documentation, and the EAS system screens.</p>

<p><b>Client Verification and Client Signature</b></p> <p>Although some EVV vendors may provide the ability for the client/participant to verify the visit through their EVV system, this is not a required field for transmission to EAS.</p>	<p>This term may be found in the PCS providers' LMS training, other EAS documentation, and the EAS system screens.</p>
<p><b>Group Visit Code</b></p> <p>This field does not apply to Missouri EAS.</p>	<p>Not applicable.</p>
<p><b>PCS Provider Medicaid ID Number</b></p> <p>Your Missouri Medicaid ID number is a nine-digit number. For DHSS PCS providers, the number starts with a 26 or 28, and for DMH PCS providers an 85. For further information, see <a href="#">PCS Provider Requirement</a> bulletin.</p>	<p>Displayed as the 'Medicaid ID #' in the EAS system screens.</p> <p>The PCS provider's Missouri Medicaid ID number is used as a primary identifier for EAS. You must provide the correct Medicaid ID number in order for you to have received the LMS log-in information.</p>
<p><b>Pay Hours</b></p> <p>Missouri is not currently implementing the claims validation and billing functions. This is anticipated to be implemented at a future date.</p>	<p>Not applicable at this time.</p>
<p><b>Plan of Care</b></p> <p>Missouri is not currently capturing care plan or scheduling data in EAS. This is anticipated to be implemented at a future date.</p>	<p>Not applicable at this time.</p>
<p><b>Sandata Mobile Connect</b></p> <p>This information is not applicable unless Sandata is the PCS provider's EVV vendor.</p>	<p>Not applicable.</p>
<p><b>Santrax ID</b></p> <p>This field is not applicable unless Sandata is the PCS provider's EVV vendor.</p>	<p>Not applicable.</p>
<p><b>Scheduled Hours, Scheduled Visits and Scheduled Time In</b></p> <p>These fields do not apply to Missouri EAS.</p>	<p>Not applicable.</p>
<p><b>Social Security Number</b></p> <p>This EAS field is not required or used by EAS. Your EVV vendor should NOT send any social security number data to EAS.</p>	<p>You may find this field in the EAS aggregator screens. For Missouri the social security field will not be populated.</p>
<p><b>Supervisor</b></p> <p>This field does not apply to Missouri EAS.</p>	<p>Not applicable.</p>
