NOTES

- Unless noted elsewhere, all data contained in this report is based on payments made during the report month, usually for care provided the previous month.
- Payment data provided is for informational purposes only and is not meant to provide an auditable account of expenditures.
- Observe caution in the use of percentages when the base for computations is small, especially if observations total less than 100.

* Age reflects the age of the child when the care was provided, and not when payment was made. A child could be counted in more than one age group if payments were made for multiple service months during the report month.

** A child is counted in each facility type where care was provided.

*** A child is counted in each facility type and age category at the time of service.

NOTE: The Transitional Child Care (TCC) benefit is at a reduced rate of the traditional child care benefit, meaning TCC families have an increased responsibility for their child care cost. TCC is only available to current child care families who have an increase in income making them ineligible for traditional child care assistance. The rate depends on the family size and countable income.
