<u>Complex Problem Solving Skills</u>
<u>Technical Skills</u>
<u>Systems Skills</u>
<u>Resource Management Skills</u>

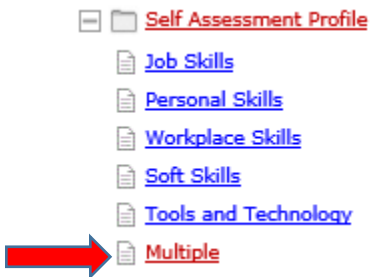

Soft Skills – This provides a link to the Talify Assessment for the individual. Staff can access the Talify Assessments when they are in the individual’s record, these assessments must be completed by the individual, not staff. Assessment results for Personality Feedback, Career Guidance and Interview Coaching will load to the MoJobs page.

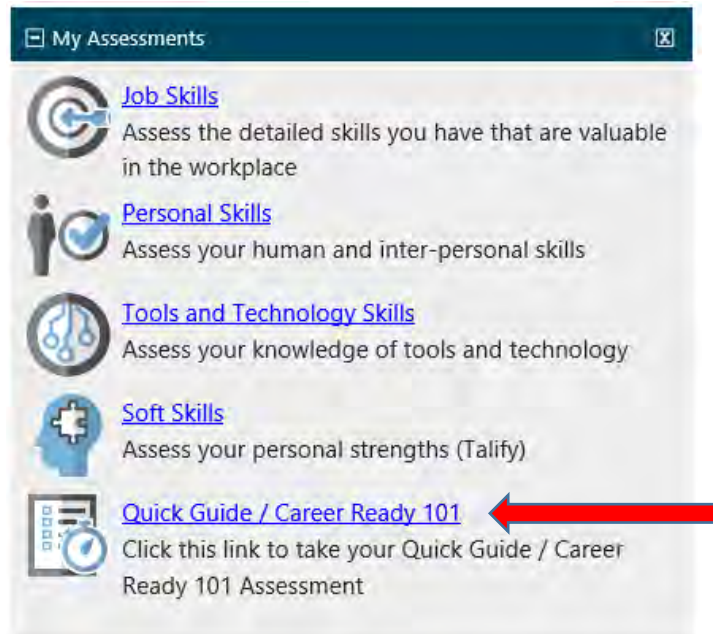

Tools and Technology – Individuals can list the Tools and Technology with the Edit Tools and Technology hyperlink or click Find Matching Occupations.

Multiple – This combines all the existing self-assessments in the system.

My Assessments – Located on the Dashboard. Participants can click the link to the Quick Guide/Career Ready 101 Assessment. This must be completed by the individual, staff cannot assist with these assessments. Assessments cover Reading for Information, Applied Math and Locating Information. These assessments do take a considerable amount of time to complete, be sure the participant is aware before they start the lessons as they only have 3 attempts to pass each lesson.

Learning Center – Has links to videos on using the MoJobs system. Can be located on My Dashboard or in the left navigation bar under Other Services.

General Courses

[How to Use These Videos](#) - Learn how to use the video player to view the training videos. There are various control options available to help you manage these self-paced tutorials.

[How to Conduct an Occupation Search](#) - Learn how to search for and select a desired occupation. The system uses the O*NET program, the nation's primary source of detailed occupational information. [Transcript](#)

[How to Conduct an Industry Search](#) - Learn how to search for and select a desired industry using the North American Industry Classification System (NAICS). Federal statistical agencies employ this standard to classify business establishments. [Transcript](#)

Individual Courses

[How to Use This Site](#) - Learn how to identify and use valuable system resources. This video will help you navigate the system with confidence and ease. [Transcript](#)

[Creating an Individual Account](#) - Learn how to create your individual account to complete system registration. This will enable you to take full advantage of system resources, such as building a resume and finding a job. [Transcript](#)

[Background Wizard](#) - Learn how to record details of your education and employment histories, as well as other profile criteria. Detailed background information provides the foundation for most resumes, and helps employers find your resume more easily. [Transcript](#)

[Resume Builder Part 1: Overview](#) - Learn the basics to create a professional resume to advertise your skills and experience to employers. This tutorial examines the four basic components of the Resume Builder Wizard. [Transcript](#)

[Resume Builder Part 2: Creation Methods](#) - Learn the similarities and differences among each resume build process (manual, automated entry, copy and paste, or copy existing). This tutorial offers practical suggestions to help you choose the best resume creation method. [Transcript](#)

[Finding a Job](#) - Learn how to conduct a job search to find employment opportunities. The video will demonstrate the various search options available and how to apply for desired job openings. [Transcript](#)

[The Virtual Recruiter for Individuals](#) - Learn how the system automatically searches for jobs based on your desired criteria. When it finds a match, the system will create a notification alert using your preferred method(s) of contact. [Transcript](#)

[My Workspace Overview](#) - This interface provides individuals with quick access to workforce development information and common labor exchange tasks. The Virtual OneStop dashboard is interactive, visually presenting information in a way that is easy to read and interpret – through the use of graphics and other standard means. Job Seekers may customize the actual widgets in operation to more precisely display desired options. [Transcript](#)

Online Learning Resources – Provides links to online learning and training courses, some may incur costs and some are free.
